Your Students

DEMAND

Timely Textbooks

THE WEEKLY SCIENCE NEWS-LETTER is received each week with zest—is looked forward to with interest by the student. The compact, handy form of this small magazine makes it easy to use—it takes up but small space and has many advantages over the bound book. It is illustrated with the doings of men of science TO-DAY—their achievements greet the eye but very shortly after the papers have broadcast their latest discoveries and inventions. Accomplishments that make for world history—that will change many lives and occupations are given to your students months and even years before the interesting facts are printed in book form.

The NEWS-LETTER may be ordered in multiple copies. The regular price of 10 cents per copy (\$5.00 per year) is reduced to 6 cents a copy if ten or more are sent to one address. Orders received between now and January 1—to last until the end of the school year (July 1)—will be \$1.50 (in quantities of 10 or over).

Clip the coupon below and send to us.

Science News-Letter is Already Indexed

In order to aid in catching the items that concern you and to facilitate clipping and filing, a key word in small capitals has been printed on the right of the line above each article. This follows the classification of the Library of Congress since this system has come into common use in the libraries of the country owing to the publication by the Government of the card index of all new books. We print below a list of the subject titles which will be most used in the SCIENCE NEWS-LETTER. "Outline Scheme of Classes," issued by the Library of Congress.

Classification

B Philosophy.
BF Psychology.
G Geography, voyages, travel.
GA Mathematical and astronomical geography.
