

Speaking of Christmas Gifts..

How about the

SCIENCE NEWS-LETTER?

To aid you in solving the problems upon your Christmas list, we make the following special holiday offer, expiring December 25:

**2 Subscriptions to SCIENCE NEWS-LETTER
for only \$8.00**

(the regular price is \$10.00—a saving of two dollars)

What could be a more welcome gift than a 52-week subscription to the unique science magazine? Father who is interested in the really worth-while progress of science, son or daughter who is taking science courses in school, the minister who will find sermon topics within its pages, the thoughtful friend—all of them will value and welcome such a **personal** magazine as a present.

Incidentally you may use one of the special rate subscriptions to extend your own subscription for another year. Why not make yourself happy with such a gift? Additional gift subscriptions are \$4.00 each—a saving of a dollar on each subscription.

Please act today so that we can deliver the gift card and the first copy of the magazine in time for Christmas.

Books As Gifts For Christmas

Science Service Book Service

To books the intimate turns when the holiday season approaches. Many authors are represented upon our library shelves—their works march along in prim rows—to be chosen by the seeker of knowledge that is at once informative and interesting. We have carefully selected books that will have definite appeal to the potential giver of gifts—won't you look through the list and se-

lect the ones that most appeal to the individuality of your closest acquaintances?

Just place a check beside the books you wish—fill in the attached slip and we shall send the books direct to you. If you wish us to mail your gifts, kindly advise us as to names and addresses, send us your cards; we shall send them—post-paid.

We divide our selections into three groups—for the Child, the Scientist, the Interested Layman.

How to Use Key-Word Feature of News-Letter

In order to aid in catching the items that concern you and to facilitate clipping and filing, a key word in small capitals has been printed on the right of the line above each article. The key words used fit into any system of classification, whether it be a straight alphabetical file, a system of your own devising, the Library of Congress classification or the Dewey system.

Note that you can clip out any article without fear of damaging another article in which you might be interested, since editorial matter printed on the right-hand pages is backed by advertising, standing matter or a continuation of the article on the other side.

Library of Congress Classification

The classification of the Library of Congress has come into common use in the libraries of the country owing to the publication by the Government of the card index of all new books. We print below a list of the subject titles which are most used in the SCIENCE NEWS-LETTER. The full scheme of classification is contained in "Outline Scheme of Classes," issued by the Library of Congress.
