

Soldiers, Sailors, and Marines like this pocket- size Edition

THE SMALLER, more condensed Science News Letter that looks much like the one you have in your hands, is a success with the armed services. We hear from them now and then:

"My copy passes through fifteen or sixteen men, so you can see that your publication is as well known over here as in the states." *T/5 T. M., Hdq. Co. APO 75, San Francisco, Calif.*

"Lawrence says that when your magazine gets around to all the boys in his medical branch, there isn't much left and they read every line." *Mrs. F. H., San Francisco, Calif.*

"Please extend my subscription to Science News Letter. This is an excellent magazine and I hope to be reading it for many more years." *PFC R. H., Inf. APO 454, New York.*

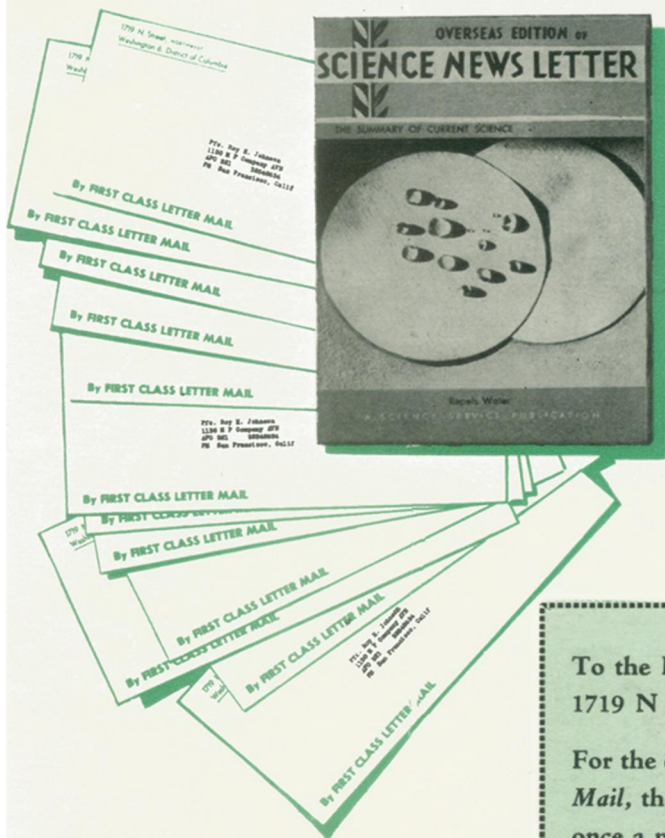

"I congratulate the writers for the thoroughness in the condensation of scientific articles which appear in the Science News Letter." *PFC F. B., Engr., APO 316A, New York.*

"We just cannot get along without Science News Letter—our copy goes on to our son in the South Pacific." *H. C. D., Alhambra, Calif.*

"I must say that the Science News Letter has been reaching me continually. That's one of the most concise and informative sheets we have." *Capt. A. F. H., Sig. Co., APO, New York.*

The Overseas Edition is a pocket-sized (6 x 8 inch), light weight edition that goes by *FIRST CLASS Letter Mail*, once a month to men and women in uniform overseas or in this country. It keeps them thoroughly informed on progress in all fields of science, and does it quickly and easily for 11c a month.

After reading the above quotations you will surely think of someone in the services—either overseas or now in the U. S. A.—who would like to get this special armed services edition of Science News Letter. With no extra trouble, you can see that he gets an *extra* letter from you each month, the pocket size *Science News Letter*. Cost: \$1.25 per year, sent by us, first class postage paid by us. All you need to do is fill out the coupon below and mail it to us with remittance. (If you wish to send to more than one man or woman, send their names on a separate sheet, please, remitting \$1.25 for each.)

You may send this gift to someone now in the service in the United States. Then if he goes overseas, he will automatically continue to get it, because we will send it to him by **FIRST CLASS MAIL**.

To the Editor, Science News Letter
1719 N Street, N. W., Washington 6, D. C.

My own name and address are correctly imprinted below:

For the enclosed \$1.25, please send by *First Class Letter Mail*, the OVERSEAS edition of Science News Letter, once a month for one year, to the following:
