How to extend Christmas THE WHOLE YEAR THROUGH

**FOR THE MOST UNUSUAL PERSON
ON YOUR CHRISTMAS
LIST**

Wouldn't he (or she) like a gift of twelve packages, one to arrive each month in 1950?

**Twelve
Surprises
plus
another
we'll add**

IN EACH 1950 gift package, there will be several objects of science, and with each object, a museum-style legend card, which will tell at a glance what these THINGS of science are. Included will be the sheets of explanation, that give the interesting details of discovery, of development, of manufacture, and that tell how to perform unusual experiments with the contents of the package.

Since late in 1940, packages like these have been going forward to members of the THINGS of science group. Glance over this list, then decide whether a membership which brings monthly packages on subjects as widely varied as these, isn't just the thing for that most unusual person on your Christmas Gift list.

| Felt | Plastic-Coated Yarns | Fungicides |
| Casein | Insecticides | Impregnated Paper |

You know the one who would thank you again and again for such a gift. And if you are not yourself a member, you could hint to someone that you'd like it as a gift yourself.

The 1950 THINGS of science will be unusual; every month's package will be a surprise. A Christmas Membership to THINGS of science will bring the 12 units of 1950, plus an extra unit which we will select and add to your gift with our compliments, to arrive in time for Christmas. We will make out and mail a Christmas card with your name as donor, announcing your gift. Each membership is \$4 a year, postpaid. You will find a handy order coupon below.
