How to extend Christmas THE WHOLE YEAR THROUGH

FOR THE MOST UNUSUAL PERSON
ON YOUR CHRISTMAS
LIST

Wouldn't he (or she)
like a gift of twelve
packages, one to arrive
each month in 1952?

Twelve
Surprises
plus
another
we'll add

IN EACH 1952 gift package, there will be several objects of science, and with each object, a museum-style legend card, which will tell at a glance what these THINGS of science are. Included will be the sheets of explanation, that give the interesting details of discovery, of development, of manufacture, and that tell how to perform unusual experiments with the contents of the package.

Since late in 1940, packages like these have been going forward to members of the THINGS of science group. Glance over this list, then decide whether a membership which brings monthly packages on subjects as widely varied as these, isn't just the thing for that most unusual person on your Christmas Gift list.

Wood & Cloth	Housing Materials	Humidity
Unusual Fabrics	Vinyl Resin Fibers	Computation
Rayon	Light Weight Aggregates	1951 Seeds
Glass Fibers	Fungicides	Basic Chemicals
Rubber Plant	Color	New Cotton Developments
Cotton Boll	Kidskin	Wood Identification
Nylon	Iron Ore	Sea Shells
Home & Office	Soybean	Color Vision
Ramie	New Fabrics	Paper Making
Lecithin	Wetter Water	Fertilizer
Vegetable Dyes	Diazo Paper Printing	Seasoning
Rayon	Oil Sha'e	Taste Enhancers

You know the one who would thank you again and again for such a gift. And if you are not yourself a member, you could hint to someone that you'd like it as a gift yourself.

The 1952 THINGS of science will be unusual; every month's package will be a surprise. A Christmas Membership to THINGS of science will bring the 12 units of 1952, plus an extra unit which we will select and add to your gift with our compliments. We will make out and mail a Christmas card with your name as donor, announcing your gift. Each membership is \$5 a year, postpaid. You will find a handy order coupon below.
