ON YOUR CHRISTMAS LIST

are there any of the following:

An active-minded boy or girl dedicated to asking questions?

An executive with limited time for reading outside his own business?

A woman who wants to keep current on preventive medicine perhaps, or on technological improvements in her home, her work, or her husband's work?

A retired man or woman, alive with many interests?

Or professional men or women too busy for extensive reading outside their own fields?

Such friends and relatives, blessed with mental curiosity, will appreciate Science News Letter coming to them each week with compact, intelligible articles on the new in science.

Put their names and addresses on this coupon, detach and mail to us.

We will send to each person you list, the weekly issues of Science News Letter for all of 1952. We will send the Christmas and New Year's issues as well, without extra charge, making 54 presents from you to each lucky recipient. And we will send to each a specially designed Christmas card announcing your gift, with *your name* on it as donor.

Send us now, or after Christmas if you prefer: \$5.50 for the first 1-year subscription; \$4.50 for the second; \$3.50 for each additional 1-year subscription. (One of the subscriptions may be your own renewal.)
