Christmas Offer Saves 40%: Complete Set of 10 Items—Only \$7.70

1 ATOMIC FACTS

Just the information about atomic energy that you need to know. Easy to read chapters and fundamental information arranged for easy reference. The H-Bomb . . . Our Atomic Future . . . Structure of the Atom . . . How Atomic Bombardment Works . . . Birth of Matter . . . Neutron-Proton Exchange . . . Mesons Created in the Cyclotron . . . The Atomic Nucleus . . . Electron Shells . . . Units of Mass, Charge and Energy . . . Atomic Energy Common, Fire Rare . . . Atomic Energy Progress . . . Atomic Energy Engineering . . . Uranium Prospecting . . . Radioactive Wastes . . . Acute Radiation Illness . . . Isotopes Report Reactions . . . Photographing Nuclear Particles . . . Radiation Detection Instruments . . . In Case of Disaster . . . Naming the Isotopes . . . First Tracer Chemistry . . . Prediction of the Neutron . . . The First Tritium . . . Slow Neutron Bombardment. Fully indexed, cloth bound. Postpaid \$2.00

2 CHEMISTRY SHOW BOOK

For youth who want to conduct experiments, build exhibits and present entertainments upon a chemical theme, this is the book. Three chemical plays are included that can be staged by any group. How to produce chemical surprises. All about fireworks and colored flames. Experiments for the home laboratory explained in simple directions. How to put on a show and demonstrate before an audience. How to make a speech about chemistry. Photography and photographic displays. Chemical quiz corner with answers. Fully indexed, cloth bound. Postpaid \$2.00

3 EXHIBIT TECHNIQUES BOOK

When it is time to show off a science project in science fair or exhibition, the ideas, hints and experience packed into this comprehensive volume will prove invaluable. Many exhibits that have won prizes are pictured in photographs and diagrams as helpful suggestions that can help your own original planning and thinking. What to guard against in laying out your material. How to label, letter and display. Ideas from professional museum preparators. Simple experiments that will be models for those that you will incorporate in your project. How to build a diorama, revolving platform, changing lighting, make models, etc. Fully indexed, cloth bound. Postpaid \$2.00

4 THE CHEMICAL ELEMENTS

Their properties, sources, most important isotopes, characteristic compounds, places in the periodic table and the qualitative analysis scheme, and the histories of their discoveries, all brought together in a compact handbook. Fully indexed, cloth bound. Postpaid \$2.00

5 THE CHEMISTRY WE USE

A compilation of "Home Lab" experiments, a monthly feature of CHEMISTRY magazine. Written by Burton L. Hawk . . . and designed for a simple but adequate home laboratory in which real chemical preparations can be made . . . The World We Live In, The Air We Breathe, The Water We Drink, The Food We Eat, The Clothing We Wear, The Coins We Spend, The Drugs We Take, Lesser-Known Elements We Study, Other Materials We Use . . . A Practical Introduction to the Chemistry of Everyday Things. Fully indexed, cloth bound. Postpaid \$2.00

6 USE OF TOOLS and FUNDAMENTALS OF MECHANICS

Two cloth-bound books that will help anyone in repairs around the house, shop or laboratory. How to use tools for measurement, woodworking, painting, metalworking, soldering, wire splicing. Basic principles and fundamentals to help you understand and operate machinery. Photographs by Fremont Davis, text by Marjorie Van de Water and Morton C. Mott-Smith, Science Service staff. Phototold in over 600 vivid photographs. Original price \$5.00, special combination price— Postpaid \$1.98

7 ATOMIC BOMB FIRST AID

Just what you need to know about what to do if an atomic bomb strikes. Over 7,000 copies of this fully illustrated booklet have been purchased by hospitals, civil defense organizations, clubs, etc. By Jane Stafford, Science Service medical writer. Revised edition includes new material. Contents: If atom bomb hits . . . check bleeding first . . . new hope for the burned . . . shock and broken bones . . . aid for suffocation victims . . . treatment of the injured. Postpaid 8 for \$1, 100 for \$7.50. Each 15c

8P THOUSANDS OF SCIENCE PROJECTS

Are you looking for something to do in science? Do you need inspiration for a science exhibit? Do you want a suggestion for a project report? Every student can find answers to these questions in this 48-page, illustrated booklet listing classified titles of exhibits shown at science fairs and/or produced as projects for the annual Science Talent Search. Prepared under a grant from the National Science Foundation. Single copies 25c—10 copies for \$1.00

9 LAWS OF MATTER UP-TO-DATE

A compilation of 74 informational paragraphs and statements, as affected by atomic advances. By Helen M. Davis, editor of CHEMISTRY magazine. Postpaid 100 copies for \$3. Each 10c

10 PERIODIC TABLE OF ELEMENTS

Both the Mendeleeff and Bohr arrangements, with all 98 elements included. An up-to-date chart of the chemical elements by groups and series including spaces for probable new elements. Postpaid 10 copies for \$1. Each 25c

HOW TO RETIRE SOONER

by earning a small income

Government figures prove you need much less money if you retire to the country, and now a new book shows over and over again how to make the money you do need, whether you retire with or without a lot of money in the bank.

Fred Tyler's **HOW TO MAKE A LIVING IN THE COUNTRY** is "virtually a blue print for the retired man or woman wanting to make their own way," says the Chicago Daily News.

With this book, you learn:

- how to make the most income from tourist cabins and a trailer camp (including where to locate for the most business at highest rentals);
- what to do to earn \$3000 a year from a week end roadstand (even if you never raise a green thing);
- how 500 chickens will bring you a fine living on your own bit of land;
- the best way known to learn which business to start;
- the only sure way to get a good buy in a business put up for sale;
- how a \$2500 investment in a part-time business will bring you all the income a retired family may need in the country;
- the dozens and dozens of other dignified, easy to start part-time enterprises that pay well in the country (from renting out equipment for week end farming to dozens of other profitable ideas).

Read this 75,000 word book now. Check off the ways you'd like to earn a small income in the country. See how easily they make retirement possible for you—now. Despite its big size, **HOW TO MAKE A LIVING IN THE COUNTRY** costs only \$1. Money back, of course, if not satisfied. For your copy, use coupon below.

Bargain Paradises of the World

Do you know where to find an island right near the U. S. so nearly like Tahiti in appearance, beauty, and color even the natives say it was made from a rainbow? (And that costs here are so low you can not only reach it but also stay a while for hardly more than you'd spend at a resort in the U. S.)

Do you know where to find the world's best mountain hideaways or its most dazzling surf-washed coastal resorts, where even today you can live for a song?

Do you know where it costs less to spend a while, the surroundings are pleasant, and the climate well nigh perfect in such places as Guatemala, Mexico, the West Indies, Peru, France, along the Mediterranean, and in the world's other low cost wonderlands?

Or if you've thought of more distant places, do you know which of the South Sea Islands are as unspoiled today as in Conrad's day? Or which is the one spot world travelers call the most beautiful place on earth, where two can live in sheer luxury, with a retinue of servants for only \$175 a month?

Bargain Paradises of the World, a big new book with about 100 photos and 4 maps, proves that if you can afford a vacation in the U. S., the rest of the world is closer than you think. Authors Norman D. Ford and William Redgrave, honorary vice presidents of the Globe Trotters Club, show that the American dollar is respected all over the world and buys a lot more than you'd give it credit for.

Yes, if you're planning to retire, this book shows that you can live for months on end in the world's wonderlands for hardly more than you'd spend for a few months at home. Or if you've dreamed of taking time out for a real rest, this book shows how you can afford it.

In any case, when it can cost as little as \$24.50 from the U. S. border to reach some of the world's Bargain Paradises, it's time you learned how much you can do on the money you've got. Send now for **Bargain Paradises of the World**. Price \$1.50. Use coupon to order.

Where Will You Go In Florida?

If You Want a Vacation You Can Afford?

Florida needn't be expensive—not if you know just where to go for whatever you seek in Florida. And if there's any man who can give you the facts you want it's Norman Ford, founder of the world-famous Globe Trotters Club. (Yes, Florida is his home whenever he isn't traveling!)

His big book, *Norman Ford's Florida*, tells you, first of all, road by road, mile by mile, everything you'll find in Florida, whether you're on vacation, or looking over job, business, real estate, or retirement prospects.

Always, he names the hotels, motels, and restaurants where you can stop for the best accommodations and meals at the price you want to pay. For that longer vacation, if you let Norman Ford guide you, you'll find a real "paradise"—just the spot which has everything you want.

Of course, there's much more to this big book.

If You Want a Job or a Home in Florida

Norman Ford tells you just where to head. His talks with hundreds of personnel managers, business men, real estate operators, state officials, etc., lets him pinpoint the towns you want to know about if you're going to Florida for a home, a job with a future, or a business of your own. If you've ever wanted to run a tourist court or own an orange grove, he tells you today's inside story of these popular investments.

If You Want to Retire On a Small Income

Norman Ford tells you exactly where you can retire now on the money you've got, whether it's a little or a lot. (If you need a part-time or seasonal job to help out your income, he tells you where to pick up extra income.) Because Norman Ford always tells you where life in Florida is pleasant on a small income, he can help you to take life easy now.

Yes, no matter what you seek in Florida—whether you want to retire, vacation, get a job, buy a home, or start a business, *Norman Ford's Florida* gives you the facts you need to find exactly what you want. Yet this big book with plenty of maps and well over 100,000 words sells for only \$2—only a fraction of the money you'd spend needlessly if you went to Florida blind.
