*A special TV event for teachers and students*

# **“Our Mr. Sun”**

On November 19, the Bell Telephone System will present the first in a special new series of thrilling TV science dramas. “Our Mr. Sun” was produced and directed by Academy Award-winner Frank Capra.

“Our Mr. Sun” is a new kind of TV entertainment—a dramatic one-hour story of the sun, and how it affects all life on earth. Imaginative photography and ingenious animation combine to bring you a film of unusual appeal. Material was gathered from all over the world and four years went into the making.

In the interest of accuracy, five well-known scientists helped develop the program, which was reviewed and approved by a distinguished Scientific Advisory Board.

Your students—and colleagues—will want to see “Our Mr. Sun.” Tell them about it in advance . . . and remind them in class on Monday, November 19.
