STOP SAYING

THAT TRAVEL
IS TOO EXPENSIVE

Freighters are the secret of low cost travel

Yes, for no more than you'd spend at a resort you can take a never-to-be-forgotten cruise to Rio and Buenos Aires. Or through the Canal to either New York or California. Or to the West Indies or along the St. Lawrence River to French Canada. In fact, trips to almost everywhere are within your means.

And what accommodations you get: large rooms with beds (not bunks), probably a private bath, lots of good food and plenty of relaxation as you speed from port to port.

Depending upon how fast you want to go, a 'round the world cruise can be yours for as little as \$250-\$300 a month. And there are shorter trips. Fast, uncrowded voyages to England, France, South America; two or three week vacations up and down the Pacific Coast or elsewhere. Name the port and the chances are you can find it listed in "Travel Routes Around the World." This is the book that names the lines, tells where they go, how much they charge, briefly describes accommodations. Hundreds of thousands of travelers all over the world swear by it. Travel editors and travel writers say "To learn how to travel for as little as you'd spend at a resort get 'Travel Routes Around the World.'"

It's yours for just \$1, and the big new edition includes practically every passenger carrying service starting from or going to New York, Canada, New Orleans, the Pacific Coast, Mexico, South America, England, France, Africa, the Indies, Australia, the South Seas, Japan, Hawaii, etc. There's a whole section called How to See the World at Low Cost.

A big \$1 worth especially as it can open the way to more travel than you ever thought possible. For your copy, simply fill out coupon.

HOW TO TRAVEL —and get paid for it

There's a job waiting for you somewhere: on a ship, with an airline, in overseas branches of American firms, in foreign firms overseas—even exploring if you're adventurous.

The full story of what job you can fill is in Norman Ford's new book *How to Get a Job That Takes You Traveling*.

You learn about jobs in travel agencies (and as tour conductors), in importing and exporting concerns, with mining and construction companies. Here's the story of jobs in the Red Cross and the UN organizations, how doctors get jobs on ships, the almost sure way for a young girl to land a job as airline hostess, the wonderful travel opportunities if you will teach English to foreigners, and the fabulous travel possibilities for those who know stenography.

"Can a man or woman still work his or her way around the world today?" Norman Ford asks in this book as you might ask today. And he replies in 75,000 words of facts, "The answer is still a very definite Yes!"

To travel and get paid for it, send today for *How to Get a Job That Takes You Traveling* on a money back guarantee if not satisfied. Price—just \$1.50. Use coupon to order.

WHERE TO RETIRE OR VACATION

... at what look like prewar prices—and where
no one ever heard of nerves or worries

These Are America's Own Bargain Paradises

Norman Ford's new book *Off-the-Beaten Path* names the really low-cost Florida retirement and vacationing towns, the best values in Texas, the Southwest, California, the South and East, Canada—and a dozen other areas which the crowds have not yet discovered.

Fabulous places like that undiscovered region where winters are as warm and sunny as Miami Beach's, yet costs can be two-thirds less. Or that island that looks like Hawaii yet is 2000 miles nearer (no expensive sea or air trip to get there!) Or those many other low-cost, exquisitely beautiful spots all over the United States and Canada which visitors in-a-hurry usually overlook (so costs are low and stay low).

Every page of *Off-the-Beaten Path* opens a different kind of vacationing or retirement paradise which you can afford—places as glamorous as far-off countries yet every one of them located right near at hand. Like these:

- France's only remaining outpost in this part of world—completely surrounded by Canadian territory . . . or a village more Scottish than Scotland . . . or age-old Spanish hamlets right in our own U. S., where no one ever heard of nervous tension or the worries of modern day life.
- Resort villages where visitors come by the score, so you always meet new people . . . (but they never come by the thousands to raise prices or crowd you out).
- That remarkable town where a fee of 3¢ a day gives you an almost endless round of barbecues, musicals, concerts, picnics, pot luck suppers, smorgasbord dinners and a fine arts program. That southern island first discovered by millionaires who had all the world to roam in . . . and now their hideaways are open to anyone who knows where to find them.

You read of island paradises aplenty in the United States and Canada, of art colonies (artists search for picturesque locations where costs are low!), of areas with almost a perfect climate or with flowers on every side. Here are the real U.S.A.-brand Shangri-Las made for the man or woman who's had enough of crowds. Here, too, are unspoiled seashore villages, tropics-like islands, and dozens of other spots just about perfect for your retirement or vacation at some of the lowest prices you've heard of since the gone-forever prewar days. They're all in the United States and Canada, and for good measure you also read about the low-cost paradises in Hawaii, the Virgin Islands and Puerto Rico.

Off-the-Beaten Path is a big book filled with facts that open the way to freedom from tension and a vacation or retirement you can really afford. About 100,000 words and plenty of pictures. Yet it costs only \$2.

HOW TO GET BY IN MEXICO

Listen for less than an hour

—do it a dozen times or so—
and then speak the 700 words that lift you
over the language barrier in Mexico,
Spain, Cuba, and most of South America

Announcing Harian's new 12-inch long playing record

THE 700 WORDS YOU NEED MOST IN SPANISH-SPEAKING COUNTRIES

with 32-page vest-pocket size word reminder

These are the words to help you at the hotel, when shopping, on the train, etc. Whether you want to ask the price, say "Thanks," comment on the weather, send away your laundry, or make yourself understood as you wander around, Harian's 33 R.P.M. long playing record really helps you get what you want.

Psychologists say that if you listen to foreign words a dozen times or so, you've learned them "for keeps." So this is the fast, easy way to learn the important words you need to get by in any Spanish-speaking country.

When you listen to this record, you hear the words in both English and Spanish. You know what the words mean, you recognize them when you hear them, and you know how to pronounce them. The accompanying 32-page vest-pocket size word reminder familiarizes you with these words still more. You recognize them when you see them in print, you know what they mean, and because this word reminder is so convenient to carry, you'll take it wherever you go to refresh your memory and always know what to say and how to say it.

A 12-inch record gives you almost twice as many words as would a 10-inch record. If you know what 10-inch language records sell for, you'd think \$5.95 a reasonable price for Harian's 12-inch record and word reminder. But Harian's "The 700 Words You Need Most in Spanish Speaking Countries" plus the word reminder costs only \$2.95.

When \$2.95 can make such a great difference in how you enjoy your trip in Spanish speaking countries, it's not worth while trying to get along without this record and word reminder. So send for yours today.
