ONCE A MONTH for a year we will pack a blue box or envelope with scientific fun, with mental stimulation, with hours of absorption, with future hobbies, with knowledge; but specifically we will pack them with THINGS of science . . . real objects of science to be handled and looked at and owned by you. And with them we will send booklets of suggested experiments and complete explanations. There are now more than twenty-five thousand members of the group of friends of science who receive one of these exciting packages each month. This unusual service comes one year postpaid for \$5.00 (outside U.S.A. add \$1 per year for extra postage).
