## COMPEDO PEDOMETER

Know exactly how far you have traveled during the day. This fine German instrument can be set to the length of the user's stride and therefore reads directly any distance up to 25 miles you have walked, and not just the number of steps you have taken. On the back you'll find a good compass, so this makes it really two instruments in one. No excuse now to get lost on your hikes. \$8.95

## TEMPERATURE CUFFLINKS

The most unusual cufflinks we have ever seen. Each link is a miniature thermometer of amazing accuracy — one graduated in Centigrade and the other in Fahrenheit. Now, wherever you are in the world and whether you freeze or broil, you can now check right away whether it's all in your mind or truly a case of beastly weather. Gold-plated, with black dials. In luxury red-silk lined snap case. \$9.95

If desired, papers can be separated without tearing. Fun to use, handsome functional design in bright chrome. An essential for the executive, for the club woman, or for the student. Wonderful gift. \$13.95

"They laughed when I wound up my shaver..."

That's liable to happen to you when you first use the Riviera in front of anyone. After all, how can a "wind-up" shaver be more than a plaything or at best an emergency type of shaver? But, you will have the last laugh! With one single winding (about six turns, just like a movie camera) you will get a complete shave—the fastest, smoothest and closest you ever had.

Hard to believe, but really true. Free yourself from electricity and paraphernalia and treat yourself to the Riviera. Use it as your "number one" shaver or for office, club or cabin. You will be delighted. A mechanical marvel from Monaco. \$16.95
