Films of The Week

Listing for readers' information of new 16mm and 8mm films on science, engineering, medicine and agriculture for professional, student and general audiences. For further information on purchase, rental or free loan, write to distributor.

ANCYLOSTOMA: LIFE HISTORY OF HOOKWORMS. 16mm, color, sound, 25 min. Discusses the world-wide distribution of hookworms and the extent of human infection, and provides detailed study of the hookworm's physiology and life cycle, concluding with cultures and techniques being used to search for a possible medicinal control. Audience: high school biology. Purchase \$300 or rental information from McGraw-Hill Films, Dept WP, 330 West 42nd St., New York, N.Y. 10036.

LSD: INSIGHT OR INSANITY? 16mm, color, sound, 18 min. The alarming increase in admissions of young people to psychiatric wards of hospitals because of the use of LSD is becoming a matter of urgent concern. Film indicates the risk involved of permanent brain damage from LSD, and that the drug in fact does nothing for creativity. Audience: high school, college students, parents, school officials, law enforcement agencies. Purchase \$200 or rental \$15 from Bailey Films, 6509 De Longpre Ave., Hollywood, Calif. 90028.

H. G. WELLS, MAN OF SCIENCE. 16mm, b&w, sound, 30 min. Biography of H. G. Wells, with an emphasis on his scientific training. Portrays highlights of his life with still photographs, enactment, film clips, and interviews with his two sons and Lord Ritchie Calder, friend and colleague. Audience: general. Purchase \$125 or rental \$5.40 from NET Film Service, Indiana University, Audio-Visual Center, Bloomington, Ind. 47401. (Produced by British Broadcasting System).

THE TOTALLY IMPLANTABLE MECHANICAL HEART—AN APPRAISAL OF FEASIBILITY—TFR-1282. 16mm, b&w, sound, TV film recording, 41 min. Philosophy of mechanical heart implantation, and historical groundwork in diverse disciplines that makes the implantable mechanical heart feasible. Developmental approach and demonstration of contemporary models. Audience: physicians interested in cardio-vascular research. Free loan from Public Health Service Audiovisual Facility, Atlanta, Ga. 30333.

SAN FRANCISCO BAY. 16mm, color, sound, 28 min. Story of the San Francisco Bay, how people are using it for pleasure and for profit, and how they are destroying it. Purchase or loan information from Save the San Francisco Bay Association, P. O. Box 925, Berkeley, Calif. 94701.

Handbook of Knots & Splices

By CHARLES E. GIBSON
Now tie knots for every purpose—useful, ornamental, fun-to-make!

Book gives complete "1-2-3" sketches and instructions for every hitch, splice, bend, sling, lashing or whipping you'll ever need for boating, camping, climbing, fishing, hunting . . . for patio awnings, swings, hammocks, rope fences, "welcome" mats . . . ornamental lamps, vases, bell ropes, key chains, buggy whips, cat-o-nine tails, rope hand-cuffs, play quoits, etc.

They're all here . . . over 100 kinds of knots and rope-work! From the simple square knot to such fancy numbers as the Manrope, Stopper, Shroud, Crown, Turk's Head, and Pineapple knots. Also covers plaiting, braiding, much more! "Highly recommended."—Library Journal.

Profusely illustrated. **ORDER NOW!** 10-day Money-Back Guarantee • Send only \$3.95 to **EMERSON BOOKS, Inc., Dept. 294-R** 251 West 19 Street, New York, N.Y. 10011
