Every science-adventure Science Album includes a big, richly-illustrated guidebook that covers one field of

science... also perforated sheets of full-color photoprints with gummed backs for mounting in the album. And this program fascinates you with interesting things to DO!

Your Entire Family Will Benefit

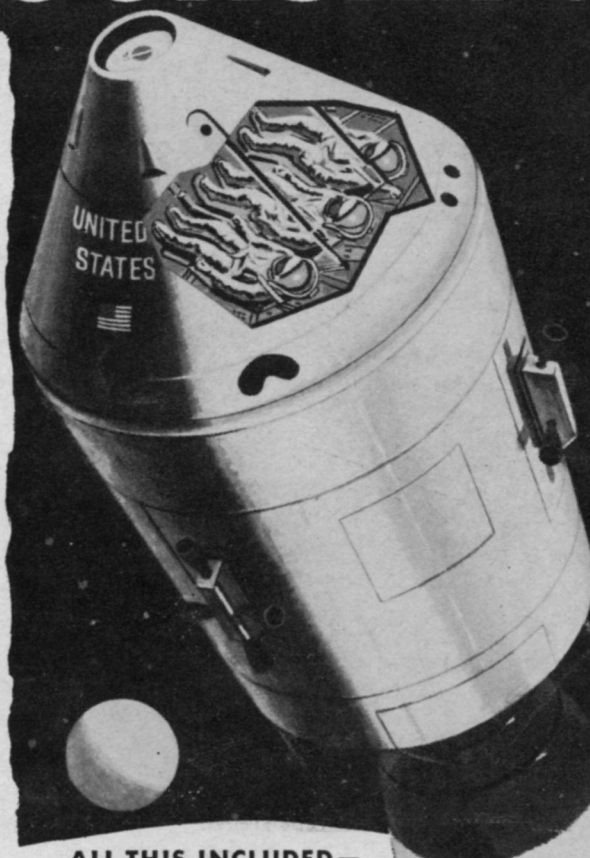

Think what these adventures will mean to your family—especially your children—how it will stimulate their interest in science... help them prepare for life in the Space Age... perhaps even lead them to rewarding scientific careers.
