HOW TO EXTEND Christmas

THE WHOLE YEAR THROUGH

For the most unusual person on your Christmas list

Wouldn't he (or she)
like a gift of TWELVE packages,
one to arrive each month
of 1968?

IN EACH 1968 monthly gift package, there will be several objects of science to be handled, looked at, experimented with, and owned by you. Included will be sheets of explanation which give the interesting details of discovery, of development, of manufacture; and tell how to perform unusual experiments with the contents of the package.

**TWELVE SURPRISES
ONE EACH MONTH
FOR \$9.50 A YEAR**

Since late in 1940, packages like these have been going forward to members of the THINGS of science group. Glance over the list to the left, then decide whether a membership, which brings monthly packages on subjects as widely varied as these, isn't just the thing for that most unusual person on your Christmas Gift list.

You know the one who would thank you again and again for such a gift. Also, you could hint to someone that you'd like a membership as a gift yourself.

A Christmas Membership in THINGS of science will bring the 12 units of 1968 . . . every month a surprise, every package unusual. The cost? Only \$9.50 a year, postpaid and we shall send you these specially designed Christmas cards to announce your gifts of THINGS of science.
