Pest control by virus

Options to Mars

Letter from Sydney
remote sensing for tuna

building the new
meson factories

It makes your job a little easier and your students a lot brighter.

Our new planetarium is a perfect classroom aid. It lets you demonstrate the workings of the Universe clearly and completely. It's a 3-dimensional scale model showing Earth, the Moon and Sun exactly as they are. Flip a switch and the class can see the Earth rotate and move around the Sun, and the Moon orbit Earth. (A)

You can demonstrate lunar and solar eclipses, Moon phases, the seasons, polar day and night, the morning and evening Sun, constellations during the seasons, the time of year, position of the solar system and location of stars each night of the year. (B)

Students can see inside through a clear Plexiglas® shell. The top removes for closer viewing. (C) Diagrams of 60 constellations are included. You can attach them to the outer shell and project them onto room walls. (D)

The Astronomics-Baader Planetarium helps make a fascinating subject more understandable. And it's portable so you can move it from room to room as needed. The price, only \$295, complete with instructions. Send the coupon for more information.

 Astronomics Inc., A Division of The Craftool Company, Inc. SN-9
 1 Industrial Road, Wood-Ridge, N.J. 07075

Please send literature on your new Planetarium and 25" x 38" Celestial Chart.

How to MAKE MONEY WRITING

...**Short Paragraphs!** Hundreds of beginners now making money writing short paragraphs. I tell you what to write, where and how to sell; and supply list of editors who buy from beginners. No tedious study. Write to sell, right away. Send for free facts. **BENSON BARRETT, Dept. 163-X, 6216 N. Clark, Chicago, Illinois 60626**

TELLS HOW TO SELL YOUR INVENTION

If you have an invention that you believe has merit, write us at once for copy of copyrighted booklet "How to Go About Selling Your Invention." We work with manufacturers, and booklet reveals present markets, qualities of a saleable invention, current royalty rates being paid by manufacturers. Booklet is **FREE**, is offered to encourage new ideas we might submit to manufacturers. Just send name (no drawings please) to Kessler Sales Corp., Dept. D-4110, Fremont, Ohio 43420

Are You A Bore?

A noted publisher in Chicago reports a simple technique of everyday conversation which can pay you real dividends in social and business advancement and works like magic to give you poise, self-confidence and greater popularity.

According to this publisher, many people do not realize how much they could influence others simply by what they say and how they say it. Whether in business, at social functions, or even in casual conversations with new acquaintances there are ways to make a good impression every time you talk.

To acquaint the readers of this publication with the easy-to-follow rules for developing skill in everyday conversation, the publishers have printed full details of their interesting self-training method in a new booklet, "Adventures in Conversation," which will be mailed free to anyone who requests it. No obligation. Send your name, address and zip code to: Conversation, 835 Diversey Parkway, Dept. 540-010, Chicago, Ill. 60614. A postcard will do.—(Adv.)
