SOME QUESTIONS ANSWERED

- Q.** How is it possible? It seems incredible to be able to get all the equipment shown above in just ten kits—at only \$4.95 per kit!
- A.** The direct-to-you, "no middleman", club plan is just part of the answer. The other key is ABS Club's especially designed multi-use equipment. For example: the Microprojector quickly and easily converts into the Spectroscope, Photo Enlarger and Cloud Chamber Illuminator. Similarly, the Transit doubles as a Telescope Mount. Such multi-purpose design... plus club plan economy... makes possible this all-science program at a price everyone can afford.

- Q.** May members choose the order in which they receive their kits?
- A.** Yes. With the first kit members receive a list of the equipment and projects contained in each of the remaining nine kits. With this information they are able to choose the kit sequence that best suits their particular interest.
- Q.** Can members get their kits all at once instead of one-a-month?
- A.** Yes. You can get all 10 kits in one shipment for \$49.50 (See coupon). Also you may start out on the Kit-A-Month plan and anytime you wish you can get the balance of your kits in one shipment.
