Snail Mail

**Without ZIP CODE
the growing U.S. Mail load
would move at a snail's pace—
*if it moved at all!***

Like you, the people at the Post Office hate sluggish mail. That's why they created Zip Code! With it, mail is sorted up to *15 times faster*—and makes fewer stops along the way to its destination. To get the Zip Codes you need—see the information pages of your phone

book for local Zips, and your Post Office's Zip Code directory for all others, or just call the Post Office. Put a rabbit in your mail—use Zip Code and mail early in the day. Then the Post Office can actually *guarantee* you the fastest possible mail delivery.

Mail moves the country—

ZIP CODE moves the mail!
