treating lonely monkeys

**power plants
and heat pollution**

Electric generating plants—both nuclear and fossil-fueled—release waste heat into waterways, unless expensive cooling facilities are built. The effects on the ecology can be harmful or beneficial, depending on specific conditions, but there are always effects. See page 98. (Photo: James R. Dunlop)

SCIENCE SERVICE

Institution for the Popularization of Science founded 1921; a non-profit corporation

Board of Trustees—Nominated by the American Association for the Advancement of Science: **Athelstan F. Spilhaus**, West Palm Beach, Fla.; **Wallace R. Brode** (Treasurer), American Chemical Society, Washington, D. C.; **Bowen C. Dees**, Franklin Institute, Philadelphia, Pa. Nominated by the National Academy of Sciences: **Henry Allen Moe**, The Clark Foundation; **Harlow Shapley**, Cambridge, Mass.; **Allen V. Astin**, Bethesda, Md. Nominated by the National Research Council: **Glenn T. Seaborg** (President), U.S. Atomic Energy Commission; **Leonard Carmichael**, National Geographic Society. Nominated by the Journalistic Profession: **O. W. Riegel** (Secretary), Washington and Lee University; **Gordon B. Fister**, Call-Chronical Newspapers. Nominated by the Edward W. Scripps Trust: **John Troan**, Pittsburgh Press; **Ludwell Denny**, Monterey, Calif.; **Edward W. Scripps II** (Vice President), Edward W. Scripps Trust.

Director: E. G. Sherburne Jr.; Assistant Director: Dorothy Schriver; Staff, Youth Division, Howard Weisbrod; Things of Science, Ruby Yoshioka.

**Barbers talk a lot.
Except when they
find an electric
shaver that outshaves
a hand-honed
straight razor.**

**Then they keep it
to themselves. Until now!**

A barber gets \$1.50 plus tip for a shave with his electric razor. For years he's kept the brand name hidden with adhesive tape.

Can you rightly blame him? For this professional instrument outshaves his hand-honed straight razor! You won't find it in stores. It's been a secret weapon of master barbers for years. It delivers a barber-close shave that lasts all day long. It does it faster and with less chance of irritation than a straight razor. That's why barbers use it on the toughest beards and the most sensitive skin.

Now the secret is out. A blabbermouthed barber talked. We have it. The Oster Professional Electric Shaver.

**Contoured Head—
Like a Barber's Fingers**

The design is a barber's dream. Technically, the shaving head design is called a "double arch contour," because it sets up whiskers just like a barber does with his fingers. It means you get every whisker at one pass—as clean as if you had drawn a hand-honed, surgically sharp, straight razor over your face.

**4,000 Comb Traps—
152 Surgical Steel Edges**

Four thousand comb-like perforations trap each whisker right at the skin line. Powerful 120-volt, 60-cycle motor drives the 152 surgical-sharp cutting edges to make the toughest beard disappear magically—without the slightest irritation to even the most sensitive skin.

**So Powerful,
Whiskers Turn to Dust!**

Open an ordinary electric shaver and you'll find bits and pieces of whisker. That's because these run-of-the-mill shavers hack and chop your beard. But the Oster Professional Electric Shaver operates at nearly twice the speed—on ordinary household AC current—and actually pulverizes whiskers into fine microscopic dust.

**Separate Trimmer
Other Great Features**

No expense was spared to make the Oster Professional Shaver to rigid, master-barber specifications. Motor-driven trimmer operates independently to trim moustaches and sideburns

straight and neat for today's new "styled" look. The high-impact plastic housing is sculpted to fit your hand effortlessly. Removable stainless steel head rinses clean under running water. On-off switch, plus separate switch to operate trimmer. The specially counter-balanced drive gives you a smooth, vibration-free shave, and won't cause radio or TV interference.

It all adds up to an amazing shaving experience. An electric shave that makes your face come cleaner than a hand-honed surgical steel barber's straight razor — and in a lot less time.

Expecting a hefty price tag? Forget it! The Oster Professional Shaver was designed for barbers who don't go for expensive, unneeded frills. The price is only \$22.98, complete with carrying case — containing separate cord storage, cleaning brush and head cover.

10-DAY FREE TRIAL!

Treat your face to the Oster Professional Shaver for 10 days — 10 days of the smoothest, fastest, closets, most irritation-free shaving you've ever enjoyed . . . either blade or electric! Then, if not completely satisfied, return for a full refund.

**BUY WITH CONFIDENCE
MAIL NO-RISK COUPON NOW!**

JAY NORRIS CORP.

31 Hanse Ave., Dept. JB-34, Freeport, N.Y. 11520

Show me! I'd like to treat my face to the Oster Professional Electric Shaver's barber-close shaves! If it doesn't deliver smoother, faster, closer, more irritation-free shaves than I've ever enjoyed, I understand that I can return my shaver in 10 days for full refund or cancellation of charges. (\$22.98, plus \$1.00 postage and handling—total: \$23.98.) N.Y. residents add sales tax.
