

# “The eternal mystery of the world is its comprehensibility.”

- Einstein

## Speaking of Science

To help you understand the world through science, the AAAS—the largest general scientific organization in the United States—has created a series of audiotapes.

Designed for listening in the home and the classroom, the 12 half-hour conversations feature 30 of America's leading scientists discussing today's problems.

These conversations, narrated by Edward Edelson, science writer for the *New York Daily News*, and Mitchell Krauss of WNET-TV in New York, will be of interest to the scientist wanting to keep up-to-date in other fields. To the student. To libraries. To the general listener.

The audiotape cassettes, for playback on standard cassette machines, are packaged in an attractive vinyl binder.

List price: \$39.95  
(\$34.95 for AAAS members).

Please send money order or check payable to AAAS—No cash.
