I.Q. Of 145 And A Slow Reader?

A noted publisher in Chicago reports there is a simple technique of rapid reading which should enable you to increase your reading speed and yet retain much more. Most people do not realize how much they could increase their pleasure, success, and income by reading faster and more accurately.

According to this publisher, many people, regardless of their present reading skill, can use this simple technique to improve their reading ability to a remarkable degree. Whether reading stories, books, technical matter, it becomes possible to read sentences at a glance and entire pages in seconds with this method.

To acquaint the readers of this publication with the easy-to-follow rules for developing rapid reading skill, the company has printed full details of its interesting self-training method in a new booklet, "How to Read Faster and Retain More," mailed free to anyone who requests it. No obligation. Send your name, address and zip code to: Reading, 555 E. Lange Street, Dept. 857-01, Mundelein, Ill. 60060. A postcard will do.

Musical Multiplication Records

teach all the tables from 2's through 12's as easily as the words of a song!

Help your child do better in arithmetic—especially in the New Math—by getting him these new multiplication records. Modern Math teachers insist on children *memorizing* their tables. Now even children of pre-school age can easily learn all the tables from 2's through 12's *simply by playing these records*.

No urging needed from parents. Children love these records. Each table has its own catchy tune and jingles. And the man on the record *quizzes* your child so the tables stick in his memory. He *must* know his tables to learn long division, fractions and decimals.

Send No Money. Just send coupon and the records will be mailed to you postage prepaid. If returned within two weeks after receipt, you owe nothing. If kept, pay only \$9.95, price in full. Bremner Records, Dept. B-207, Wilmette, Illinois 60091.

School Principal writes: "Your records have a unique teaching approach and a good one. Our pupils are taking new interest in their tables. Excellent as a home-tutoring aid."

A. Blair Owens, Principal, Lewiston Elementary School, Lewiston, Pa.

Parent writes: "All three of my children used your records and in 6 weeks had learned all the tables from 2's through 12's. Best investment I ever made."

A. J. Perez, Parsons, Kansas

Bremner Records, Dept. B-207
Wilmette, Illinois 60091

Please mail, postage prepaid, one complete set of the Musical Multiplication Records. I may return them any time within two weeks after I receive them and owe nothing. If I keep them I will honor your invoice for \$9.95 in full.
