## Fix Lawn Mowers

**FOR FUN & PROFIT!** A schedule for preventive maintenance and procedures for routine maintenance are explained in detail. Step by step instructions for trouble shooting, engine repair, balancing, and sharpening blades, etc., are clearly explained. **Over 125 illustrations.** Sharp, clear and concise exploded drawings are extensively used. Brand names are identified so replacement parts

can be readily obtained. The book should save over \$50 on the purchase of a lawn mower and an additional \$25 a year on repairs. The author, F. Peterson, tells you how to purchase, use and repair your lawn mower and compares reel, rotary and rider type lawn mowers. Rush only \$6.95 plus 30c handling—10-Day money back guarantee.

## new products

Laboratory electromagnet is a complete precision system including power supply. Featured are 4-inch magnets of the same high quality as larger magnets used for advanced research. These versatile systems are ideal for student laboratory demonstrations and general research experiments. They are readily adaptable to numerous scientific studies as Hall effect, magnetic susceptibility, and Zeeman effect.

*Varian Instruments*

Circle No. 149 on Reader Service Card

Greenhouse-laboratories for institutions are appropriate for teaching or research needs. A wide choice of standard types in varying sizes, configurations and cost are available. Designed to suit every kind of educational and research institution. Ideal for teaching botany, biology, biochemistry, agriculture, and horticulture.

Products are selected and listed as an editorial service. The claims are the manufacturers'. For further information circle the appropriate number on the postpaid, self-addressed Reader Service Card.

# NEW CATALOG DESCRIBES INNOVATIONS IN LABORATORY BALANCES

■ New or improved Ohaus precision balances and systems for the classroom laboratory and classroom facility are described in a 24-page, 4-color catalog now available on request. These balances represent the latest advances in precision weighing equipment, designed to meet the requirements of modern science and education for faster, simpler, more accurate and durable instruments at the lowest possible cost.

The NEW Ohaus Catalog '73 includes complete specifications on such proven Ohaus products as the Dial-O-Grams, Triple Beam, and Harvard Trip Balances; as well as a full complement of laboratory weights and accessories.

All represent the unique Ohaus capability for solving specific weighing problems and for introducing new concepts in laboratory balances. Send for your copy of the NEW Ohaus Catalog '73 now.
