Now you and your students can see eye to eye— with the dual-viewing AO Series Sixty Microscope.

The AO Series Sixty Microscope offers you and your students the convenience of dual-viewing and the exclusive transparent illuminated/movable pointer which may be positioned anywhere in the field. Both viewers see the same point of reference simultaneously.

The dual-viewing head and pointer combination simplifies teaching, makes learning easier, lessons more detailed. The Series Sixty Microscope is ruggedly constructed and practically maintenance free. Superior optics provide well-defined image details. Write for more information or ask your AO representative for a convincing demonstration.

Series Sixty Microscope has an exclusive transparent illuminated/movable pointer.
