Now, Relive America's Vibrant Past in an
Imaginative New History The Entire Family Will Enjoy!

200 YEARS

*A Bicentennial Illustrated History of the United States
From the Publishers of U.S. News & World Report*

No story can match the American saga for its wealth of heroes, its electrifying drama, its unparalleled accomplishments.

The publishers of U.S. News & World Report now invite you to relive the fascinating events of the past two centuries in a lavish new publication saluting America on the eve of her 200th birthday. It is a two-volume work entitled **200 YEARS: A Bicentennial Illustrated History of the United States**, and it is ready now for you and your family to read and enjoy as the celebrations of 1976 draw nearer.

*Here is History as You've
Never Encountered it Before!*

200 YEARS is no ordinary recital of dates and places. It's an absorbing biography of America, written with a quick tempo, you-are-there style that brings yesteryear's heroes and epic events into sharp focus.

It is a thoroughly researched work, sprinkled with newly discovered facts and previously unpublished episodes. Each detail has been carefully authenticated by a Board of Consulting Historians comprised of renowned scholars and distin-

guished professors of American history.

You will see history parade before you in a magnificent gallery of paintings, photographs, and period drawings gathered from museums and private collections from around the world. By itself, this array of 800 illustrations—many reproduced in full color—constitutes not only a vivid pictorial essay of American life, but also a personal collection of treasured art you will enjoy and turn back to time and again.

To help you understand better the moods and mores of America in transition, **200 YEARS** includes four Picture Portfolios—album-like collections illustrating life during the Revolution... on the exodus west... and at the turn of the century before the world went to war. The final Portfolio treats you to a look at America's great artists, whose works live today as vivid reflections of yesterday.

In addition, **200 YEARS** features two unique Reading Portfolios called "In

Their Own Words..." Through excerpts from personal diaries, private journals, and letters home from the first GIs, you'll gain an intimate insight into the thoughts and feelings of Americans from all walks of life, in all eras of our history.

To fully appreciate the fire and scope of **200 YEARS**, you must actually see the books. And you can by filling out and mailing the coupon below. An examination set of books will come to you in a matter of weeks. Look them over for 10 days, and if you then decide to keep them, you are entitled to the special direct-from-publisher price of just \$32.95, plus a small postage and handling charge.
