More  books on science exploration...

More ways to activate your imagination!

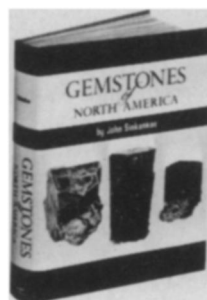

**ASTRONOMY
Ninth Edition**

*By the late Robert H. Baker and
Laurence W. Fredrick*

An up-to-date, comprehensive, and well-illustrated study of astronomy. Among the topics covered are: pulsars, organic molecules, the Apollo Moon landings, and cosmology: directions for the future.

631 pp., 7 1/4 x 9 1/8, illus., \$13.95

To order, circle "I" under
Van Nostrand Reinhold Books on Reader Service Card.

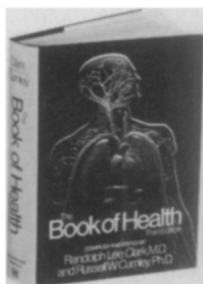

**GEMSTONES OF
NORTH AMERICA**

By John Sinkankas

A complete and authoritative book on North American gemstones, combining accurate geological and mineralogical information with detailed descriptions of gem localities for field collectors.

690 pp., 7 1/2 x 10, illus., \$19.50

To order, circle "M" under
Van Nostrand Reinhold Books on Reader Service Card.

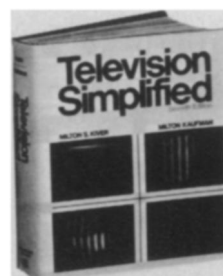

**THE BOOK OF HEALTH
Third Edition**

*Edited by Randolph Lee Clark and
Russell W. Cumley*

Describes and tells how to treat virtually every human health problem and disease, in layman's language. Covers 300 recent developments in the medical field.

992 pp., 7 x 10, illus. color, \$29.95

To order, circle "J" under
Van Nostrand Reinhold Books on Reader Service Card.

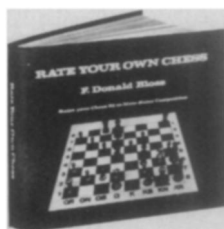

**TELEVISION SIMPLIFIED
Seventh Edition**

*By Milton S. Kiver and Milton
Kaufman*

The standard reference in its field. Analyzes all types of TV receivers now in service from the standpoint of theory, operation, troubleshooting, and alignment. Includes latest techniques in circuitry and construction.

800 pp., 6 x 9, illus., \$15.95

To order, circle "N" under
Van Nostrand Reinhold Books on Reader Service Card.

RATE YOUR OWN CHESS

By F. Donald Bloss

A computer-designed system for determining your U.S. Chess Federation rating. Proceeds from one-move-to-mate problems to harder two- and three-move-to-mate stumpers while periodically testing your improvement.

206 pp., 8 x 6, 85 illus., \$6.95

To order, circle "K" under
Van Nostrand Reinhold Books on Reader Service Card.

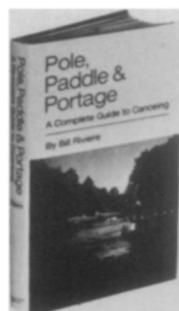

**HOW TO MAKE
AND FLY KITES**

By Eve Barwell and Conrad Bailey

Fascinating introduction to an exciting craft. Shows how to make all varieties of kites — using paper, cardboard, polystyrene, egg boxes, foil, balsa, twigs.

64 pp., 6 x 8, 56 illus., 4 pp. in color, \$3.95

To order, circle "O" under
Van Nostrand Reinhold Books on Reader Service Card.
