MYSTERY OF ENERGY AND AGING

Science fact or farce? Can our Great Pyramid unlock the mysteries of energy and aging — show that the ancient Egyptians contradicted nature? Did someone really get 85 shaves from a blade kept in a pyramid? We're experimenting — why don't you? And compare notes with us. Test claims like meat not rotting, things not rusting! Users of exact scale models of Cheop's pyramid oriented to true North claim all sorts of strange phenomena based on resonating energy.

Ours is already assembled, 1/8" see-thru acrylic, 6 x 9 1/4 x 9 1/4". Includes instructions and pyramid facts.

SOME QUESTIONS ANSWERED

- Q. How is it possible? It seems incredible to be able to get all the equipment shown above in just ten kits — at only \$5.95 per kit!**
- A.** The direct-to-you, "no middleman", club plan is just part of the answer. The other key is ABS Club's specially designed multi-use equipment. For example: the Microprojector quickly and easily converts into the Spectroscope, Photo Enlarger and Cloud Chamber Illuminator. Similarly, the Transit doubles as a Telescope Mount. Such multi-purpose design... plus club plan economy... makes possible this all-science program at a price everyone can afford.
- Q. May members choose the order in which they receive their kits?**
- A.** Yes. With the first kit members receive a list of the equipment and projects contained in each of the remaining nine kits. With this information they are able to choose the kit sequence that best suits their particular interest.
- Q. Can members get their kits all at once instead of one-a-month?**
- A.** Yes. At any time members can have the balance of their kits sent in one shipment. We recommend that you start on the kit-a-month plan because the monthly spacing will give you time to get the full measure of knowledge and enjoyment that each kit has to offer.

MAKE SCIENCE YOUR HOBBY!
