## WHICH ARE YOUR CRITICAL DAYS?

Can Bio-rhythm tell you? Can it help your life?

We're not sure whether Bio-rhythm is a science fact or a science farce. But we're told that vast mood shifts are caused by your body's **Internal Time Clock** whose rhythms can be charted ahead to possibly warn you of "critical" days. Some great, some blah. Maybe it's your physical, emotional and intellectual rhythms converging at the right or wrong time. **PROVED VALUABLE!** Bio-rhythm charting has already been proved valuable. The Ohmi Co. in Japan plotted bio-rhythm charts for all 500 of its bus drivers. Those scheduled to have "critical" days were reminded to be on the alert. Accidents dropped off 50% in first year alone.

**DO IT YOURSELF!** Compute your cycles with our Bio-rhythm Kit and judge for yourself. You may learn when to expect days of great energy, and exactly when your physical and creative talents surface to do your best for happiness and success. And possibly foresee your off days to avoid possible errors or accidents. It's worth a try! Kit includes Cyclagraf Charting Kit, precision metal Dialgraf Calculator and complete instructions. **Stock No. 71,949Q .... Just \$11.50 Ppd.**

**LET US DO IT FOR YOU!** ... for the next year — by computer. Know your bio-rhythm analysis for the next 12 months. Send us day, month and year you were born together with your check or m.o. and we'll send you your accurate computerized, personalized Bio-rhythm Chart-Report.

**Stock No. 19,200Q .... Just \$15.95 Ppd.**
