HELPING TO DEVELOP AMERICA'S TECHNOLOGY FOR OVER 30 YEARS.

The clock is stopping!

a discourse for our time by
Buckminster Fuller

The point of no return is back there somewhere, lost in the swift stream of human events, says Bucky Fuller. The accelerating pace of technology and science obsoletes politics, war, and many of our traditional attitudes.

Fuller delineates the scenario. In his hands, man's primordial awarenesses are carefully catapulted into the present. As he puts it, we are now emerging from the womb of permitted ignorance, and the final examinations for our place in the universe are about to start.

Bucky Fuller designed the big geodesic dome at the South Pole (more than 100,000 have been built due north of there). He is the man who says:

The order of synergy complements entropic disorder.

Reality is always asymmetrical.

Monological thinking looks for single answers — and there are none.

And others have said of Fuller:

"... sees things differently from the rest of us, and thereby makes us see ourselves afresh." —Alvin Toffler

"... makes you feel that being alive is the highest prize of the universe." —Norman Cousins

In this intimately recorded 3-hour discourse, Fuller shares with you the accumulated wisdom and insights of his 81 years. You'll surely number this album among your prized possessions. Available only from us.

GOLF! Your LEFT SHOULDER makes the difference!

One of the most startling discoveries from wide research in the golf swing is that your game literally hinges on your left shoulder!

How this is so and how to use this great discovery to improve your own game beyond all expectations in a few short weeks is set forth in THE GOLF SECRET by Dr. H. A. Murray—a medical doctor, golfer, and golf researcher, who has applied his expert knowledge of anatomy in this his sweeping and utterly different study of the golf swing.

His method has now been tested on a large scale and yields simply astounding results! Not only do golf scores drop rapidly but good golf is a hundred times easier to play—because it is NATURAL (not strained) golf.
