

### DON'T EXPIRE ON US!

Do you want to know when your Science News subscription is due to expire? The final four digits at the top of your subscription label will tell you. The last two digits indicate the year of expiration (76 or 77, etc.). The preceding two digits indicate the number of the week within that year. Example: 1276 would mean the twelfth week (last week of March) of 1976.

**How the Club Operates** • The Book Club News, describing the coming Main Selection and Alternate Selections, will be sent to you 15 times a year at 3-4 week intervals. • If you wish to purchase the Main Selection, do nothing and it will be shipped to you automatically. • If you prefer one of the Alternates, or no books at all simply indicate your decision on the reply form always enclosed with the News and mail it so that we receive it by the date specified. • The News is mailed in time to allow you at least 10 days to decide if you want the coming Main Selection. If, because of late mail delivery of the News, you should ever receive a Main Selection without having had the 10 day consideration period, that Selection may be returned at Club expense. • Continued membership past the trial period brings you the added benefits of our Bonus Book Plan—an important way to save even more, at least 70% off publishers' prices.
