

NEW GALEN MICROSCOPE

Your slides have never looked so good.

Look at your own slides through our *new* GALEN microscope and see how clear and fine the detail is. And notice that you get full 2" x 3" coverage. Named after the famous Greek physician, GALEN meets exacting Bausch & Lomb standards.

This fine instrument is ideal for routine work in colleges, hospitals and industrial labs. And it meets all specifications required for a microscope used to study medicine.

The GALEN microscope is priced at \$746.00*, considerably less than many microscopes that don't have all its features.

We think this is the best microscope value on the market today. But don't

take our word for it. Arrange for a free demonstration.

Look into GALEN when you're looking for a microscope:

- Parfocal, coated optics.
- 4x, 10x, 40x, 100x (oil) achromatic objectives.
- Monocular, binocular, triocular models.

- In-base, variable control illuminator (30-watt).
- Ideal for brightfield, darkfield and phase contrast observations.
- Observation body rotates 360°, locks at any point.
- Precentered substage with convenient low rack-and-pinion focusing.
- Graduated mechanical stage; low, coaxial controls.
- Immediate off-the-shelf delivery.
- Bausch & Lomb guarantee, and nationwide service.
