

When you buy a microscope, make sure you get enough... without paying for too much.

Don't buy on price alone. You may miss features you need. But don't buy frills and features you *don't* need or you'll pay more than you have to.

Look at our new GALEN microscope before you buy. It meets exacting Bausch & Lomb standards yet the price is surprisingly low.* The GALEN microscope is designed for work in colleges, hospitals and industrial labs. And it meets all the specifications required for a microscope used to study medicine.

We think this is the best microscope value on the market today. Ask for a demonstration.

Look into GALEN when you're looking for a microscope:

- Parfocal, coated optics.
- 4x, 10x, 40x, 100x (oil) achromatic objectives.
- Monocular, binocular, triocular models.
- In-base, variable control illuminator (30-watt).
- Ideal for brightfield, dark-field and phase contrast observations.
- Observation body rotates 360°, locks at any point.
- Precentered substage with convenient low rack-and-pinion focusing.
- Graduated mechanical stage; low, coaxial controls.
- Immediate off-the-shelf delivery.
- Bausch & Lomb guarantee, and nationwide service.
