## ENERGY FOR THE THIRD WORLD

# When you buy a microscope, make sure you get enough... without paying for too much.

Don't buy  
on price alone.  
You may miss  
features you need.  
But don't buy frills  
and features you *don't*  
need or you'll pay  
more than you have to.

Look at our new GALEN microscope before you buy. It meets  
exacting Bausch & Lomb standards yet the price is surprisingly low.\*  
The GALEN microscope is designed for work in colleges, hospitals and  
industrial labs. And it meets all the specifications required for a  
microscope used to study medicine.

We think this is the best microscope value on the market today.  
Ask for a demonstration.

**Look into GALEN when
