# A Scientist Looks At UFO'S

At Last! Three All-New, Scientifically-Oriented UFO Slide Sets From The Head Of The Center For UFO Studies

What are UFO's? Are they real or imagined? Sensational stories and disclaimers abound. Here, at last, are three UFO slide sets with accompanying audio cassettes that examine the phenomenon with a scientific approach... by one of our nation's most reputable UFO scientists.

The three new sets were developed exclusively for Edmund Scientific by Dr. J. Allen Hynek, widely acclaimed UFO expert and head of the Center for UFO Studies in Evanston, Ill. Each of these 35mm slide sets were selected by Dr. Hynek and his associates from thousands of documented reports available to the Center. Each set includes fascinating photographs and an audio tape cassette narrated by Dr. Hynek. Together they represent a reliable, serious and totally fascinating look at the world-wide UFO phenomenon.

Choose any or all of the following three sets:

☐ **The UFO Phenomenon.** What are the characteristics of this world-wide enigma? This 25-slide set and cassette, the result of many years of USAF and scientific inquiry, describes the prominent features of the UFO situation: geographic and time distribution, duration, size, shape, color, sound, trajectory and locality.

☐ **UFO/IFO.** Not all objects reported as UFOs remain unidentified. The majority turn out to be IFOs (identified flying objects), common-place misidentifications of airplanes, cloud formations, weather balloons, etc. Set of 25 35mm slides and cassette contrasts UFOs and IFOs and illustrates their differences.

☐ **Close Encounters.** The most intriguing and fascinating category of reports, Close Encounters are those sightings that occur very close to witnesses. Those of the First Kind are merely close in proximity. Those of the Second Kind produce physical effects near the sighting. Close Encounters of the Third Kind are those in which the presence of "entities" or "beings" is reported. This 20-slide set and cassette describes these baffling cases and events reported.

## HOW TO ORDER

You may order any of the three individual UFO Slide Sets for \$14.95 or purchase all three for just \$39.95... a savings of over \$5. To order simply complete the order form below, enclose check, money order or credit card information and mail today.

OF WHICH ■  
WILLIAM JAMES WROTE:

"ROUND ABOUT THE ACCREDITED AND ORDERLY FACTS OF EVERY SCIENCE THERE EVER FLOATS A SORT OF DUST-CLOUD OF EXCEPTIONAL OBSERVATIONS, OF OCCURRENCES MINUTE AND IRREGULAR AND SELDOM MET WITH, WHICH IT ALWAYS PROVES MORE EASY TO IGNORE THAN TO ATTEND TO . . . ANYONE WILL RENOVATE HIS SCIENCE WHO WILL STEADILY LOOK AFTER THE IRREGULAR PHENOMENA. AND WHEN THE SCIENCE IS RENEWED, ITS NEW FORMULAS OFTEN HAVE MORE OF THE VOICE OF THE EXCEPTIONS IN THEM THAN OF WHAT WERE SUPPOSED TO BE THE RULES."

In support of William James, the Sourcebook Project collects and organizes our heritage of scientific anomalies. We have analyzed all 260+ volumes of *Nature* plus hundreds of volumes of *Science*, *Scientific American*, *American Naturalist*, *American Antiquarian*, *Meteorological Magazine*, and many other scientific journals. The result is an incomparable treasurehouse of curious and fascinating data, mostly eye-witness accounts of strange phenomena and discoveries from the last 200 years.

We reprint these reports in sourcebooks of about 280 pages each; one series for each major branch of knowledge. The sourcebooks are published as handsome, specially printed ringbinders to which owners can add notes and new reports as they are published. The sourcebooks promote no specific theory of the cosmos, but they may change your world-view for they are redolent of mysteries unsolved and lands untrodden.

## SOME COMMENTS FROM REVIEWS

"Every library should have a copy; it stirs thinking and inquiry." *Choice*

"At the price it is excellent value for entertainment alone; there is also the added bonus that such a collection must include something which will become 'reputable' in the near future." *Nature*
