Sol-20 Terminal Computers are complete. You don't spend an extra penny for necessary interfaces. Sol computer systems start at \$1350 in kit form.

We've done the software job. Only Processor Technology offers a fully implemented disk operating system for small computers: PTDOS. Our high level languages include Extended BASIC, FORTRAN\*, FOCAL, PILOT\* and Assembler.

Sol systems are conservatively rated. They won't quit on you. With over 5,000 in the field, we know the track record for reliable performance is outstanding.

We back Sol with the best documentation in the industry plus a factory support team to give you caring counsel by phone or letter. What's more, on site maintenance and service folks are located in over 50 cities throughout the U.S. and Canada.
