Introducing . . .

The Solar Alarm Chronometer

- Light Energized
- Electronic Quartz Accuracy
- 24 hour alarm

A personal alarm and time system powered by light.

Only
\$49.95

You can't wear a more accurate watch. Plus this new LCD chronometer has a built in 24-hour alarm and personal reminder system. And you no longer have to worry about batteries failing because this watch is constantly being recharged by light. A true scientific break thru.

Forget about losing time

The time base is a finely tuned quartz crystal, trimmed by the manufacturer electronically to an accuracy of 5 seconds per month. And the manufacturer stands behind this accuracy with a one year limited warranty plus a 5 year replacement warrant on the micro-rechargeable energy cells.

Who is the Manufacturer

U.I.T. has been the innovator in the digital watch industry for years. U.I.T. is the prime manufacturer, assembler and importer of LCD watches. U.I.T. has been the pioneers of solar powered watches where "light energy" recharges micro-energy cells contained in the watch. A system so efficient they are able to offer the unheard of 5 year warranty.

Forget about batteries

The new solar-alarm is powered by micro-energy cells which are constantly being recharged from available light. Not just solar light but ordinary room light. You never need to worry about batteries.

Forget about changing technology

This solar-alarm watch uses all of the

latest technology in electronics and engineering. The programmed time measuring features include hours, minutes, and pulsating seconds plus the month and date displayed instantly with the touch of a button. The large liquid crystal display constantly shows the time in large easy to read numerals. A special night light command button illuminates the dial for night viewing.

Forget about being late

The most unique function of this solar chronometer is the alarm system. The 24 hour alarm system is easy to set without disturbing the time function. And it sounds with a pleasant electronic beep precisely at the pre-set time. Your own personal alarm system will automatically beep you at the right time for "on-time" punctuality, so important with today's busy schedules. You may never be late again.

Test it for 2,592,000 seconds

Take 30 full days (2,592,000 seconds) to confirm the accuracy and utility of this fine timepiece. If you doubt the quality, merely return it for a full refund.

If you have been looking for that special opportunity to own a chronometer of the future here is your chance! Available in silver or gold tone with fashion flex band. All U.I.T. timepieces feature ultra-thin design, rugged shock proof engineering and water resistant construction. The solar-alarm watch is priced at \$49.95 each plus \$2.50 shipping & handling. (IL. residents add 5% sales tax).

Futures... Planning... Timepower... Workshops!

THE FUTURE FILE Paul Dickson

In-depth look at the future in non-technical, readable style. History of the future, movers and shakers in the field, methods used to predict the future, and future developments in work, leisure, medicine, and life styles are explored. Almanac for the future provides yellow pages of groups and movements, glossary to help you think and talk like a futurist, lists, charts, and tables.

381-01 Book, hardbound, 252 pp. . . \$12.95

HIP POCKET GUIDE TO PLANNING & EVALUATION Dorothy P. Craig

Workbook format explains planning and evaluation in no-nonsense language and lively graphics. You practice while learning. Step-by-step, practical, useable. Can be applied to wide range of settings and needs, by old hands and new personnel alike.

355-01 Book, softbound, 160 pp. . . . \$9.95

HIP POCKET GUIDE TO PLANNING & EVALUATION: TRAINER'S HANDBOOK Dorothy P. Craig

Everything you need to set up training in planning and evaluation. Can be used by trainers and managers. Hip Pocket Guide doubles as your handbook and as a participant's workbook (copy of HPG included in binder). Designs, instructions, tasks, reproducible sheets, more.

355-02 Vinyl binder, 96 pp. plus a copy of Hip Pocket Guide \$39.95

ADMINISTRATIVE TIMEPOWER Robert Rutherford

Emphasizes that secretaries/administrative assistants are vital to a successful manager and advocates effective use of team time. No "tricks," lists, or gimmicks, this seasoned time-effectiveness workshop leader deals simply and concisely with Where Time Goes, Subtle Time-Wasters, Organizing Time, and much more.

382-01 Book, hardbound, 112 pp. . . \$13.95

PLANNING, CONDUCTING, & EVALUATING WORKSHOPS Larry N. Davis

Best-selling guide to successful training sessions and workshops. Combines humor, imagination, and solid learning theory for virtually every step of the way, from learning designs to hiring consultants to paying the bill.

321-03 Book, hardbound, 324 pp. . . \$16.95
