

# You can beat the IRS —legally and safely

Brand new manual of tax avoidance shows you over 100 ways to keep some of the money you're now giving away in federal, state and local taxes. It's all guaranteed legal—spelled out in the tax law. Why pay more than you have to?

Famed tax counselor Vernon K. Jacobs now reveals his professional secrets. He calls his new book *Taxpayers' Counterattack*. No, it's not for tax protesters—and certainly not for tax cheaters. It's for plain citizens . . . middle-class people who have had it up to here with murderous taxes . . . who are ready to do anything legal to cut down on the money the government is taking away from them.

This new handbook of tax saving concentrates on the three areas where most people can save the most money:

# Can you do better abroad? Can you live better?

## This book answers almost any question you might have— about 159 countries

Some people say there are no more opportunities left in the world. They'll tell you that the opening of the American West was the last chance for the average person to find freedom, adventure and financial success.

Well, don't believe it! Today, in 1979, the world offers more opportunities than ever before—if you know where to look for them!

What sort of opportunities? Investments that offer a higher, safer return than anything available here in the United States. Profitable businesses, free of the regulations and controls that harass and stifle entrepreneurs in America. Techniques for sheltering your money from taxes. And even places to move to and begin a new life—with a higher standard of living and greater freedom than you now have.

### WHO IS DOUGLAS CASEY?

But where can you learn about these opportunities? In only one place: THE INTERNATIONAL MAN: *The Complete Guidebook to the World's Last Frontiers for Freedom Seekers, Investors, Adventurers, Speculators and Expatriates.*

This brand-new, pathbreaking book was researched and written by Douglas R. Casey, a businessman, financial consultant and world traveler who has long understood the dangers of limiting one's horizons to a single country. (The preface and foreword were written by two of the most respected financial authorities in the world, Harry Browne and Harry D. Schultz, both American expatriates.)

Casey began by making a thorough investigation of all 159 of the world's nations. He discovered a handful that hold real promise for Americans in search of freedom and financial opportunity today. These few countries are truly the world's "last frontiers."

### A WORLD OF OPPORTUNITY

Here is just a partial list of topics covered in THE INTERNATIONAL MAN:

- The four most profitable foreign businesses for Americans.
- The profits and pleasures of foreign real estate. (Including specific "how-to" information on income property investments, speculating in raw land, and buying or renting a second home abroad.)
- Ever feel like leaving the USA? Here's everything you need to know about emigrating and re-settling in another country.
- Nations that offer substantial financial incentives and subsidies to foreign investors, businessmen and retirees.

### TWO INTERNATIONAL MEN ON THE INTERNATIONAL MAN:

**HARRY D. SCHULTZ, international investment advisor:**

"Doug Casey's book THE INTERNATIONAL MAN fills a true need, in fact a desperate need. . . . I urge you to take advantage of this book and become an international person. . . . If you're not too good at changing to match the times, you'd better read this book three times. The rest of you should read it twice."

**HARRY BROWNE, best-selling financial writer:**

"The economic tensions and turbulence of the 1970's have inspired many Americans to consider the idea of living and investing somewhere outside the U.S. But where? . . . Up to now, there has been no single reference work that provides an overview of the world's 200 or so nations. . . . Happily, this book provides a kind of shopping list of qualifications. . . . I've lived outside the U.S. since 1971 and have learned a great deal about what it involves. I could have used a book like this back in 1971; it would have made emigration a great deal easier."

- How to do business *tax-free*. Avoiding all income taxes *legally* by "internationalizing" your finances. "Tax haven" countries and how to use them.
- Want a job overseas? Here are the best, most realistic opportunities. Prevailing salary levels. And the truth behind all those "Employment Abroad" ads you've seen.
- How some people legally obtain passports from as many as 20 nations, as well as U.S. diplomatic passports and other documents.
- The International Black Market: How profits are made in "underground" trading, smuggling, capitalizing on shortages, and more.
- THE INTERNATIONAL MAN'S DIRECTORY: What's your next move? Here's a complete guide to organizations, agencies, international real estate brokers, reference works, magazines and newsletters that can help you take the plunge.

But that's not all! THE INTERNATIONAL MAN also contains detailed chapters on 48 nations of the world. For each, you'll find everything you need to know about *business and work, the economy, residency requirements and citizenship, social and political conditions, the people, passports and visas, land and housing, tax levels, money and foreign exchange, future trends*, and more.

### THE ONLY BOOK OF ITS KIND!

THE INTERNATIONAL MAN is a definitive work on freedom and financial opportunity around the world. Exhaustively researched, encyclopedic in scope, completely up-to-date, this revolutionary book is hardbound, and fully indexed.

There is no other book that even comes close to THE INTERNATIONAL MAN in the breadth of its coverage, in the expert guidance it provides, in the opportunities and strategies it details. All 159 nations of the earth have been combed in order to select the 48 that are covered in detail and the few that qualify as "last frontiers."

### YOUR MONEY-BACK GUARANTEE

THE INTERNATIONAL MAN is just \$14.95 post-paid. Its authoritative information and advice will repay that sum time and again. (And the purchase price is *tax-deductible* if you use the book for investment or business purposes.)

You're fully protected by this unconditional guarantee. If THE INTERNATIONAL MAN isn't everything we've said it is (or if you're unhappy with it for any reason at all), simply return it within three weeks and we'll send you a prompt, full refund—no questions asked.

The world's last frontiers are waiting—and so are the opportunities they offer. They await THE INTERNATIONAL MAN: any man with the ambition and spirit to venture beyond his borders. Clip and mail the coupon today!

Rush me my copy of THE INTERNATIONAL MAN. I understand that if I'm not completely satisfied, I may return the book within three weeks and receive a full refund. **8568**
