

New Chemical Science Achievement... Prevents and removes oxidation... Even restores original luster to used models!

# Polymer 'glass' sealant

Revolutionizes car-finish protection and keeps your car showroom bright for years — You'll never have to put wax on it again!

Available only as a service by new car dealers for \$100 to \$200. Now do it yourself in less than an hour for only \$29.95!

*The original GloSeal\* with Polyglass!* (Offered by direct order only, not available in any store, 16 oz. bottle, enough for 2-3 average-sized cars.)

**Professionally recommended for:** ■ Cars ■ Trucks ■ Buses ■ Boats ■ Surfboards ■ Airplanes ■ All metals ■ Appliances ■ Fiberglass surfaces ■ Skateboards ■ Motorcycles & Bicycles ■ 4-wheel & Off road vehicles ■ RV's & Vans ■ Industrial uses

**The elements vs. your once beautiful car...** You've probably experienced it. Your treasured, shiny new automobile gradually fades and dulls. Oxidation sets in and the once brilliant, glossy finish turns chalky and washed out. Even hours of waxing and buffing can't recapture that new car look... Until this new chemical science discovery...

**Never put wax on your car again...** GloSeal\* is not anything like a simple wax or polish. It is actually a miracle polymer glass formulation serving as a powerful sealant and a beautiful exterior finish. When applied to your car's finish and chrome its **Electromolecular Action literally fuses it to the surface**, locking in a brilliant shine for years. GloSeal\* with Polyglass actually changes the molecular structure of your car's finish. It penetrates through the old wax and binds itself with the surface.

**GloSeal\* with Polyglass is impenetrable**, non-porous and virtually impervious to damaging air pollutants, car-wash detergents, salt air and water, hot burning sun, cold winter winds, grease, wax, acids contained in eggs and shaving cream, ultraviolet rays and even fire damage. It also provides a brilliant, rich shine to your car's finish, keeping up the appearance and the value of your expensive investment.

**Prevents oxidation from starting on new cars... and actually removes it from used models!** GloSeal\* is literally a *Glass Shield* that becomes part of your car's finish. Your new car's paint is guaranteed not to oxidize... for up to 3 Years! Then GloSeal\* it again for

years more of protection. On used cars, GloSeal\* will actually remove the surface oxidation, add gloss, and stop normal oxidation for 1 year before you need to reapply. It is similar to covering your car with an impenetrable coat of polyurethane.

## Important:

*Many other "polymer" car care products are ordinary silicone-based formulations, similar to a synthetic wax, as evidenced by their wax-like feel. GloSeal\* with Polyglass is an entirely different product. It is far more advanced, glass-like, slicker, providing a better, "electromolecular" adhesion. The result is a richer, deeper gloss than you have ever seen before, plus months of extra "Glass enclosed" protection!*

**Enamel spray paint can't even get through the clear glass shield...** When this new professional automotive product is demonstrated to car dealers, the "spray paint test" is used. GloSeal\* is applied to a car's hood following the instructions. Then enamel paint is sprayed directly on it, along with Magic Marker and

other solvents. Then, to the observers' astonishment, all of these are wiped off the hood with a mere cloth. Nothing, not even dirt and dust can adhere to the surface!

**No rubbing, labor, or buffing equipment needed...** GloSeal\* goes on easily and quickly. You wipe it on, let dry, and then wipe it off. It takes only a few minutes — less than an hour. Between washes just wipe your car with a damp cloth to reactivate its brilliant dirt and dust-repelling shine.

**The incredible GloSeal\* "Brilliance and Protection Guarantee"...** If after using it, you are not pleased for any reason, return the unused portion within 2 weeks of receipt for a prompt refund of the entire purchase price. Further, if you apply and maintain according to the instructions and GloSeal\* does not protect your new car for 3 years or your used car (90 days old or more) for 1 year, we'll return your small investment on a prorated basis. (Note: GloSeal\* is 100% safe to use — it can be removed with mineral spirits).

# WHAT'S BETTER THAN SPEED READING?

## SPEED LEARNING

(SPEED PLUS COMPREHENSION)

Speed Learning is replacing speed reading because it's easy to learn . . . lasts a lifetime . . . applies to everything you read . . . and is the only fully accredited course with the option of college credits.

Do you have too much to read and too little time to read it? Do you mentally pronounce each word as you read? Do you frequently have to go back and re-read words or whole paragraphs you just finished reading? Do you have trouble concentrating? Do you quickly forget most of what you read?

If you answer "yes" to any of these questions — then here at last is the practical help you've been waiting for. Whether you read for business or pleasure, school or college, you will build exceptional skills from this major breakthrough in effective reading, created by Dr. Russell Stauffer at the University of Delaware.

### Not just "speed reading" — but speed reading-thinking-understanding-remembering-and-learning

The new *Speed Learning Program* shows you step-by-proven-step how to increase your reading skill and speed, so you understand more, remember more and use more of everything you read. The typical remark made by the 75,000 slow readers who completed the *Speed Learning Program* was: "Why didn't someone teach me this a long time ago?" They were no longer held back by the lack of skills and poor reading habits. They could read almost as fast as they could think.

### What makes Speed Learning so successful?

The new *Speed Learning Program* does not offer you a rehash of the usual eye-exercises, timing devices, costly gadgets you've probably heard about in connection with speed reading courses or even tried and found ineffective.

In just a few spare minutes a day of easy reading and exciting listening, you discover an entirely new way to read and think — a radical departure from any-

thing you have ever seen or heard about. Research shows that reading is 95% *thinking* and only 5% eye movement. Yet most of today's speed reading programs spend their time teaching you rapid eye movement (5% of the problem) and ignore the most important part (95%) *thinking*. In brief, *Speed Learning* gives you what speed reading *can't*.

Imagine the new freedom you'll have when you learn how to dash through all types of reading material *at least* twice as fast as you do now, and with greater comprehension. Think of being able to get on top of the avalanche of newspapers, magazines and correspondence you have to read . . . finishing a stimulating book and retaining facts and details more clearly and with greater accuracy than ever before.

### Listen-and-learn at your own pace

This is a practical, easy-to-learn program that will work for you — no matter how slow a reader you think you are now. The *Speed Learning Program* is scientifically planned to get you started quickly . . . to help you in spare minutes a day. It brings you a "teacher-on-cassettes" who guides you, instructs, encourages you, explaining material as you

read. Interesting items taken from *Time Magazine*, *Business Week*, *Wall Street Journal*, *Family Circle*, *N.Y. Times* and many others, make the program stimulating, easy and fun . . . and so much more effective.

Executives, students, professional people, men and women in all walks of life from 15 to 70 have benefited from this program. *Speed Learning* is a fully accredited course . . . costing only 1/5 the price of less effective speed reading classroom courses. Now you can examine the same, easy, practical and proven methods at home . . . in spare time . . . without risking a penny.

### Examine Speed Learning FREE for 10 days

You will be thrilled at how quickly this program will begin to develop new thinking and reading skills. After listening to just one cassette and reading the preface you will quickly see how you can achieve increases in both the speed at which you read and in the amount you understand and remember.

You must be delighted with what you see or you pay nothing. Examine this remarkable program for 10 days. If, at the end of that time you are not convinced that you would like to master *Speed Learning*, simply return the program and owe nothing. See the coupon for low price and convenient credit terms.

**Note:** Many companies and government agencies have tuition assistance plans for employees providing full or partial payment for college credit programs.

In most cases, the entire cost of your *Speed Learning Program* is Tax Deductible.
