All books sent postpaid. Domestic orders only.

ANNUAL REVIEW OF PHYSICAL CHEMISTRY, Vol. 30 — B. S. Rabinovitch et al, Eds. Contains a prefatory chapter on molecular spectroscopy by E. Bright Wilson. Annual Reviews, 1979, 632 p., \$17.

BLACK HOLES AND WARPED SPACETIME — William J. Kaufmann, III. Written for the general reader by an astrophysicist, this book examines black holes, the astronomical phenomena that imprison matter and light, infinitely warping space and time. W H Freeman, 1979, 221 p., color and b&w illus., \$14, paper, \$7.95.

THE COMPLETE CARE OF ORPHANED OR ABANDONED BABY ANIMALS — C. E. Spaulding and Jackie Spaulding. Tells how to take care of nearly any type of baby animal — wild or domestic. Includes a chapter on first aid for sick or wounded animals and explains what one should know before releasing an animal raised to maturity to its original, wild environment. Rodale Pr Inc., 1979, 272 p., illus., \$10.95, paper, \$7.95.

THE EMERGING GODDESS: The Creative Process in Art, Science, and Other Fields — Albert Rothenberg. A book of findings and a book of theory. An attempt to explore scientifically the creative process in the individual and to explain the process. U of Chicago Pr, 1979, 440 p., illus., \$22.50.

THE NESTING SEASON — Frederick Kent Truslow, with text by Helen G. Cruickshank. These magnificent photographs of this famous bird photographer document the cyclical stages of the nesting season, from the earliest moments of migration and breeding to the raising and dispersal of the young. The text by a lifelong student of bird behavior enhances the photographs. Viking Pr, 1979, 136 p., color and b&w illus., \$25.

SCIENCE AND THE CURE OF DISEASES: Letters to Members of Congress — Efraim Racker. An effort by an outstanding biochemist to convince members of Congress and laymen that, in the case of most diseases, basic research is the only logical way to attack the problem and that by choosing this route scientists are not evading their responsibilities to the taxpayers who support their research. Princeton U Pr, 1979, 105 p., \$12.50, paper, \$4.95.

STARS AND TELESCOPES FOR THE BEGINNER — Roy Worvill. Describes the various forms of different telescopes that are available to the amateur astronomer, together with the particular advantages and disadvantages of each. Provides useful guidance to the amateur astronomer beginning the exploration of the heavens. Taplinger, 1979, 102 p., illus., \$7.95.

STONEHENGE AND ITS ENVIRONS: Monuments and Land Use — Royal Commission on Historical Monuments, England. An up-to-date evaluation of the field monuments in a selected area of about 13 miles around Stonehenge. Edinburgh U Pr (Columbia U Pr), 1979, 41 p., illus. and pull-out map, paper, \$10.

TEENAGE SEXUALITY: A Survey of Teenage Sexual Behavior — Aaron Hass. Examines the effects of the "sexual revolution" on teenagers growing up in the 1970s through interviews in which the teenagers speak for themselves. Macmillan, 1979, 203 p., \$10.95.

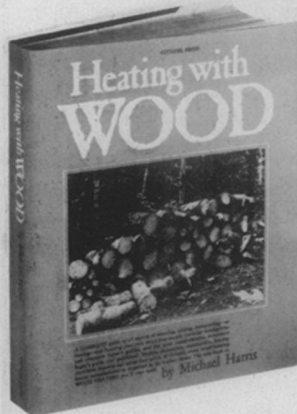

TRAVELS — Carl Linnaeus, edited by David Black. Excerpts from journals that Linnaeus kept on three major expeditions through his native Sweden. The freshness of his observations on the beauty of the flowers, plants and landscape has been captured in fine, accurate illustrations. Scribner, 1979, 108 p., color illus. by Stephen Lee, \$12.95.

TWO HUNDRED YEARS OF GEOLOGY IN AMERICA: Proceedings of the New Hampshire Bicentennial Conference on the History of Geology — Cecil J. Schneer, Ed. In America, the introduction states, the earth and sea, our landscape and our mineral resources... have influenced our culture, our history and our perception of ourselves and world society. U Pr of New Eng, 1979, 385 p., illus., \$20.

THE VOYAGE OF CHARLES DARWIN: His Autobiographical Writings — Selected and arranged by Christopher Ralling. Retraces the five-year voyage that helped lead to the naturalist's theory of evolution, with a selection of Darwin's writings from that voyage and also from his autobiography. Published in conjunction with the start of the dramatization of the voyage of the *Beagle* to be aired on PBS for 13 weeks beginning January 27. Mayflower Bks, 1979, 183 p., color and b&w illus., \$9.95. (See p. 51.)

WIGDER'S GUIDE TO OVER-THE-COUNTER DRUGS: A Critical Comparison of the Effectiveness, Cost and Safety of the Most Popular and Widely Advertised Brands — H. Neil Wigder. A consumer's guide to non-prescription drugs. J P Tarcher (St Martin), 1979, 224 p., \$10.

YOU AND YOUR HEARING: How to Protect It, Preserve It, and Restore It — Arthur S. Freese. Explains the ears and the process of hearing and gives advice on prevention and cure of disorders of and defects in the ears and hearing. Scribner, 1979, 184 p., illus., \$10.
