

Expand your knowledge Subscribe to **BYTE**

The 1980's are here! The decade of the personal computer has arrived, and **BYTE** — the small systems journal devoted to personal computers — has helped usher in the new era. Leading the personal computer revolution, which is already transforming home and personal life, are **BYTE**'s 160,000 enthusiastic readers. Their enthusiasm has made **BYTE** the largest computer magazine in the world!

To be knowledgeable in the 1980's you need to know how to use personal computers. **BYTE** is your personal guide to the new era. **BYTE** tells you how to build, buy, and use computers for fun, practical purposes, and profit. With help from **BYTE**, you can experiment right in your own home with

graphics, word processing, computer music, speech synthesizers, simulations, robotics, personal data base management, business computing — and hundreds of other fascinating hardware and software applications.

Resolve now to expand your computer knowledge. Subscribe to **BYTE**!

*Broken Symmetry
in science as in everyday experience
catches the eye and provokes the mind.*

Discovery often begins with the exception.
It is this moment of recognition that spells solution
to the artist, the scientist, everyone.
It has been said that our greatest sense
is our sense of wonder, and that our
greatest joy is surprise.

During three nights in June
you will discover
that science is this century's art.

TUNE IN

THE SEARCH FOR SOLUTIONS

A three-part award winning series narrated by Stacy Keach
Tuesday nights at 9:00 PM (EDT)
June 10, 17, & 24

ON PBS
