BALLOONING SCIENCE

BYTE...for the Serious Microcomputer User.

Do you use a personal computer for business or pleasure? If so, join the over one-quarter million professionals, beginners, engineers, and business people who get the latest microcomputer information in BYTE.

With a circulation of 170,000 and a total readership of 320,000, BYTE is the world's largest computer magazine. Each month's issue brings you the latest about graphics, mass storage, personal data

bases, word processing, speech synthesis, new integrated circuits, new software for engineering, business and fun, plus do-it-yourself projects of all kinds.

And if you are in the market for hardware or software, our new expanded product review section gives you the unbiased facts.

So, if you are serious about micro-computing, **get serious about BYTE.**

BYTE[®]
the small systems journal

Send your kids on a 10-day trip into the computer age. Or send yourself.

Someday computers will be a common household item.

But you don't have to wait for the future. Your family can take a trip into the computer age now, at no risk and no obligation. Because for 10 days, you can have your very own Sinclair ZX80 computer. To play with, experiment with, learn with. It will give your children a valuable headstart in life.

And if you don't have kids? Then take the trip yourself, because it's your chance to keep up with a changing world.

ANYONE CAN USE IT.

You'll find the Sinclair ZX80 is incredibly easy to use for anyone 10 years or older. You don't have to know anything about computers when you start out. We'll send you a complete 128-page guide that takes you step-by-step into the world of computing. In one day, you'll be writing your own programs!

The ZX80 will absorb you and your children for hours as you find new ways to use it. You can create games. Home budgets. Math lessons for your kids. Almost anything, in fact.

THE ZX80 IS YOURS FOR 10 DAYS. THE COMPUTER GUIDE IS YOURS FOREVER.

For your 10-day home trial, just call our toll-free number and order with your Master Charge or VISA. Or send the coupon along with a check or money order for the remarkably low price of \$199.95, plus shipping. (Other personal computers cost two or three times as much!)

For an extra \$49.95, you can also have the Sinclair Computer Learning Lab—a set of 100 experiments and lessons on cassette tapes that make the ZX80 itself your teacher.

EVERYTHING YOU NEED. For just \$199.95, you get everything you need to operate your ZX80. You just hook it up to your TV (either black & white or color). Then to store your programs, you can use any ordinary cassette tape recorder. We'll also send you a 128-page guide to computing that's yours to keep as a free gift. **\$199.95**

And we'll send you the Sinclair ZX80 personal computer. It's yours for 10 days. If you decide you don't want to keep it, then send it back. We'll give you a full refund. Either way, the 128-page guide to computing—a \$5.95 value—is yours to keep as a free gift.

Why not take advantage of this unique offer today?

And send your family on a 10-day journey they'll never forget.

10-DAY MONEY-BACK HOME TRIAL CALL TOLL FREE 800-543-3000.

Ask for operator #508. In Ohio call 800-582-1364. Phones open 24 hours a day, 7 days a week.
