

YOU HAVE 10 DAYS TO DISCOVER THE COMPUTER AGE.

If you've never used a computer, you're missing something. Programming your own computer is more fun than playing backgammon. More challenging than crossword puzzles.

And more practical than about anything else you could do.

Because the fact is, you're living in the age of computers. And now you can discover what it's all about. For 10 days, at no risk and no obligation, you can have your very own Sinclair ZX80 computer. To play with, experiment with, learn with.

ANYONE CAN USE IT.

You'll discover the ZX80 is incredibly easy to use for anyone 10 years or older. You don't have to know anything about computers when you start out. We'll send you a complete 128-page guide that takes you step-by-step into the world of computing. In one day, you'll be writing your own programs!

The ZX80 will absorb you for hours as you find new ways to use it. You can create games. Home budgets. Math lessons for your children. Almost anything, in fact.

THE ZX80 IS YOURS FOR 10 DAYS. THE COMPUTER GUIDE IS YOURS FOREVER.

For your 10-day home trial, just call our toll-free number and order with your Master Charge or VISA. Or send the coupon along with a check or money order for the remarkably low price of \$199.95, plus shipping. (Other personal computers cost two or three times as much!)

For an extra \$49.95, you can also have the Sinclair Computer Learning Lab—a set of 100 experiments and lessons on cassette tapes that make the ZX80 itself your teacher.

EVERYTHING YOU NEED. For just \$199.95, you get everything you need to operate your ZX80. You just hook it up to your TV (either black & white or color). Then to store your programs, you can use any ordinary cassette tape recorder. We'll also send you a 128-page guide to computing that's yours to keep as a free gift. **\$199.95**

And we'll send you the Sinclair ZX80 personal computer. It's yours for 10 days. If you decide you don't want to keep it, then send it back. We'll give you a full refund. Either way, the 128-page guide to computing—a \$5.95 value—is yours to keep as a free gift.

But we have to be honest with you. After you've discovered the fun of owning a ZX80 computer, we don't think you'll send it back.
