Especially for someone on an expense account . . .  
**THE WORLD'S FIRST**  
**POCKET TYPEWRITER.**

A Genuine Mini-Typewriter/Calculator By Sharp That Prints Out Text And Arithmetic On Paper Tape.

**Suppose you need to jot down a legible reminder to yourself or your secretary . . . you get one of your many brainstorm— or a spontaneous creative idea . . . you need to take some quick notes in a meeting, take down names or phone numbers on the spot, etc. If you need a quick, written record of your expense account items entered as they happen, then totaled up and printed out on tape at any time you wish —. Well, open your briefcase or purse and start typing!**

**Example: Expense Account Calculation**

AIR TICKET	130.25M+
	130.25ZT
SUPPLIES	3.45M+
	3.45ZB
TELEPHONES	5.67M+
	5.67ZB
OFFICE RENTAL	1234.56M+
	1234.56ZB
DINNER	45.67M+
	45.67ZD
CAR INSURANCE	567.89M+
	567.89ZD
	1987.49M+
TOTAL	1987.49ZD

**Infinite Combinations of Words And Numbers.** In a Pocket-Size Calculator Format, expanding the range of the traditional journal tape into a complete alpha-numeric information recording system for everything from memos to invoices. Type or calculate anything on its regulation mini-keyboard, and you get an official, readable, permanent record on a tape printout. Here is one little high-utility machine you will enjoy using many times every day.

**Plus — Would You Believe 40 Separate Word Memory Banks!** Store up any data input you wish to recall later . . . Sales Records . . . Bank/Checking Balances, Messages, Appointments, Phone Numbers, Prices, Travel, Schedules. Expense Account Items, plus dates you use repetitively such as a list of stock market quotations, inventory, budget information, deadlines, etc. Each item can be kept in one of 40, 17-character memories that store data even after the machine is shut off. Press a button, and the contents of that

particular memory will instantly print out on tape and simultaneously display a 10-digit, rolling writer, dot-matrix LCD. This unique display moves forward or backward to show a full 48 character capacity. (Besides being extremely useful as a business tool, it is admittedly a lot of fun to operate and show off as well.)

**Sharp Pocket Typewriter/Calculator Features:** Clear, Readable Printout (Standard Size Paper Roll) • Large, Well-Spaced Keyboards • “Correctable” in case of input errors • Long Life Ni-Cad Batteries (600 hours) • Recharger/AC Adaptor Available • Sharp Factory Warranty • 5 Year Service-By-Mail Centers • Compact Briefcase/Purse Size: 7¼" x 3¼" x 1¼" • Wt: 16 oz.

**For Instant Processing Call Toll Free: 1-800-235-6945 or if busy 1-800-235-6951. California Residents Call 805-966-7187. Or send coupon: only \$129.95 from Starshine**

Why THE AUDUBON SOCIETY ENCYCLOPEDIA is hailed as  
**"The bird-lover's bible!"\***

IT'S HUGE, unprecedented, gloriously illustrated—the first one-volume encyclopedia to provide full, concise, impeccable information on *all* the birds that nest or have been sighted in North America.

Naturalists acclaim it

**ROGER TORY PETERSON** says, "I intend to keep my copy near my desk, for frequent use. It is a much-needed, broad-ranging accomplishment, and a most felicitous layman's reference."

**DEAN AMADON**, Lamont Curator Emeritus of Birds, American Museum of Natural History: "A massive achievement...I consider it to be one of the outstanding ornithological publications of this or any other time." —From his Foreword

Reviewers extol it

"I fell in love with it!" says *Newsweek's* critic Walter Clemons. "A monumental work that happens to be irresistibly readable."

"The most impressive American bird book since John J. Audubon's *Birds of America*," says the Associated Press... "A must for serious bird students" (*Chicago Tribune*).

\*"Destined to retain its primacy for years to come," says John Barkham, calling it "the bird-lover's bible!"

About the author

JOHN K. TERRES, who for 13 years edited *Audubon* magazine and in 1971 received the John Burroughs Medal for distinguished nature writing, has devoted over two decades to the preparation of this book.

"Awesome," writes Edmund Fuller in the *Wall Street Journal*, "is the only word for the author's knowledge of his field...A magnificent project...the extraordinary capstone of a career."

- 1,135 pages (a million words)
- 1,675 pictures (including 875 full-color photographs)
- Nearly 6,000 alphabetical entries and cross-references, including:
- 625 major articles on all aspects of bird life
- "Biographies" of 847 birds in 78 families—appearance, habitat, range, songs, nests, behavior, and more
- Lives of 126 relevant naturalists and explorers
- 770 ornithological terms defined
- A 4,000-item bibliography

**9 x 11 • With 1,675 illustrations in color and black-and-white**  
**1,135 pages • \$60 at all bookstores**  
**Special discounted price for Science News readers: \$49.95**
