"Winner of the Pulitzer Prize and the American Book Award for hardcover non-fiction."

"A high level of narrative art"
"From mid-1978 to early 1980, a group of engineers at Data General Corporation developed a new super-mini computer. In THE SOUL OF A NEW MACHINE, Tracy Kidder provides a factual accounting of this achievement, and anyone interested in the annals of American industry will find the story absorbing. But Mr. Kidder...has endowed the tale with such pace, texture and poetic implication that he has elevated it to a high level of narrative art...

"Mr. Kidder is our Dante...
a young explorer standing on the threshold of a new age. ...He proceeds by taking the reader 'down into' the machine, and indeed the book consists of repeated descents—not only into an environment of wires and silicon chips, but also into dark corporate basements where secret work proceeds feverishly behind locked doors...

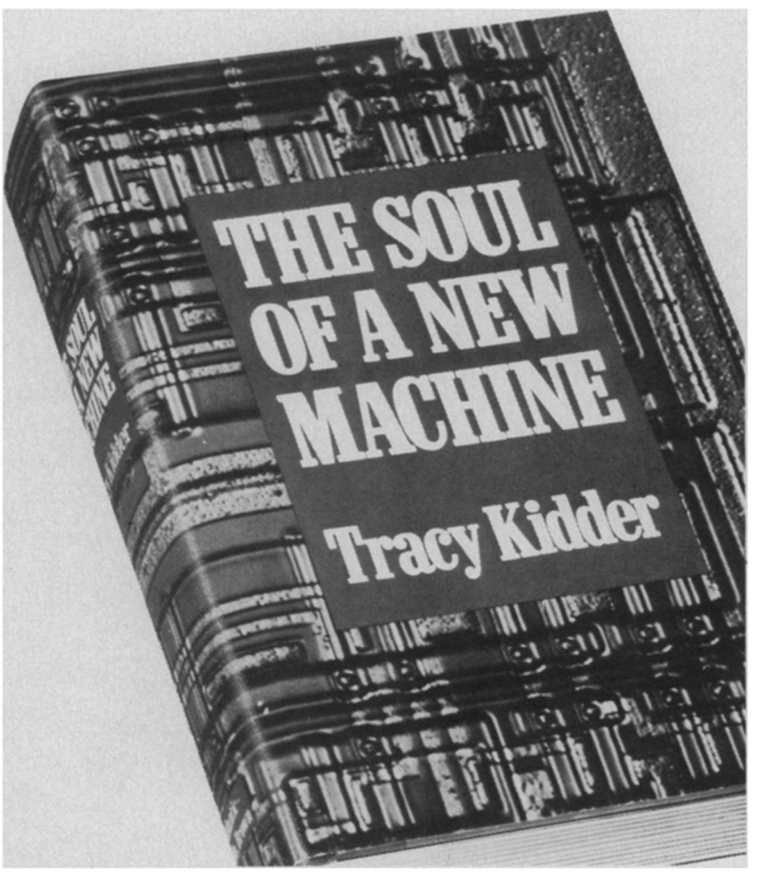
"In technical creativity they have found a fulfillment that occasionally verges on ecstasy...
"The leading lights of the engineering team, chosen for their brilliance, energy and ambition, are portrayed as eccentric knights errant, clad in blue jeans and open collars, seeking with awesome intensity the grail of technological accomplishment....The project becomes a crusade....

"A worthy literature of science and technology"
"Mr. Kidder's splendid book goes far toward reviving Huxley's prophecy...of a worthy literature of science and technology."
—from the New York Times Book Review's front-page review by Samuel C. Florman

"All of Mr. Kidder's hopes for his book have been fulfilled.... Even someone like this reviewer, who barely understood the difference between computer hardware and software when he began, was able to follow every step." *—Christopher Lehmann-Haupt, New York Times*

"A superb book, one that computer engineering has deserved for a long time....All the incredible complexity and chaos and exploitation and loneliness and strange, half-mad beauty of this field are honestly and correctly drawn here."*—Robert Pirsig, author of Zen and the Art of Motorcycle Maintenance*

"If you like the writing of John McPhee, you'll love the work of Tracy Kidder....What makes Kidder's book so rich is that he describes the human psyche as well as the computer industry....Brilliant, concise and original."
—Playboy



Science News Book Order Service
1719 N Street N.W.
Washington, D.C. 20036

Please send _____ copy(s) of THE SOUL OF A NEW MACHINE.
I include a check, payable to

LITTLE, BROWN and COMPANY

THE $99.95 PERSONAL COMPUTER.

Introducing the Sinclair ZX81.

If you're ever going to buy a personal computer, now is the time to do it.

The Sinclair ZX81 is the most powerful, yet easy-to-use computer ever offered for anywhere near the price: only $99.95* completely assembled.

Don't let the price fool you. The ZX81 has just about everything you could ask for in a personal computer.

A breakthrough in personal computers.

The ZX81 is a major advance over the original Sinclair ZX80 – the first personal computer to break the price barrier at $200.

In fact, the ZX81's 8K extended BASIC offers features found only on computers costing two or three times as much.

Just look at what you get:

- Continuous display, including moving graphics
- Multi-dimensional string and numerical arrays
- Mathematical and scientific functions accurate to 8 decimal places
- Unique one-touch entry of key words like PRINT, RUN and LIST
- Automatic syntax error detection and easy editing
- Randomize function useful for both games and serious applications
- 1K of memory expandable to 16K
- A comprehensive programming guide and operating manual

The ZX81 is also very convenient to use. It hooks up to any television set to produce a clear 32-column by 24-line display. It comes with a comprehensive programming guide and operating manual designed for both beginners and experienced computer users. And you can use a regular cassette recorder to store and recall programs by name.

Sinclair technology is also available in Timex/Sinclair computers under a license from Sinclair Research Ltd.

Order at no risk.**

We'll give you 10 days to try out the ZX81. If you're not completely satisfied, just return it to Sinclair Research and we'll give you a full refund.

And if you have a problem with your ZX81, send it to Sinclair Research within 90 days and we'll repair or replace it at no charge.

Introducing the ZX81 kit.

If you really want to save money, and you enjoy building electronic kits, you can order the ZX81 in kit form for the incredible price of just $79.95.* It's the same, full-featured computer, only you put it together yourself. We'll send complete, easy-to-follow instructions on how you can assemble your ZX81 in just a few hours. All you have to supply is the soldering iron.

A leader in microelectronics.

The ZX81 represents the latest technology in microelectronics. More than 10,000 are sold every week. In fact, the ZX81 is the fastest selling personal computer in the world.

We urge you to place your order for the ZX81 today.

To order.

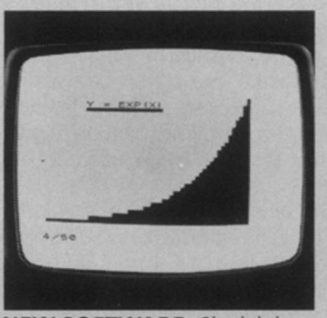
To order, simply call toll free. Or use the coupon below. Remember, you can try it for 10 days at no risk.** The sooner you order, the sooner you can start enjoying your own computer.

Call toll free 800-543-3000.

Ask for operator #509. In Ohio call: 800-582-1364; in Canada call: 513-729-4300. Ask for operator #509. Phones open 24 hours a day, 7 days a week. Have your MasterCard or VISA ready.

These numbers are for orders only. If you just want information, please write: Sinclair Research Ltd., 2 Sinclair Plaza, Nashua, NH 03061.

*Plus shipping and handling. Price includes connectors for TV and cassette, AC adaptor, and FREE manual.
**Does not apply to ZX81 kits.



NEW SOFTWARE: Sinclair has published pre-recorded programs on cassettes for your ZX81. We're constantly coming out with new programs, so we'll send you our latest software catalog with your computer.

16K MEMORY MODULE: Like any powerful, full fledged computer, the ZX81 is expandable. Sinclair's 16K memory module plugs right onto the back of your ZX81. Cost is $49.95, plus shipping and handling.
