Books & Reports from the National Academy Press

AN ASSESSMENT OF RESEARCH-DOCTORATE PROGRAMS IN THE UNITED STATES

Some 2,700 graduate programs in 32 disciplines are evaluated in this controversial new five-volume study. Programs are assessed on the basis of their size, characteristics of graduates, reputational survey results, university library size, research support, and publication records. An essential resource for university administrators, faculty, libraries, academic counselors, and students. Volumes are available separately or as a set at a special price. THE FIVE-VOLUME SET; ISBN 0-309-03344-6, \$47.25; MATHEMATICAL & PHYSICAL SCIENCES, ISBN 0-309-03299-7, \$10.50; HUMANITIES, ISBN 0-309-03333-0, \$10.50; ENGINEERING, ISBN 0-309-03336-5, \$10.50; BIOLOGICAL SCIENCES, ISBN 0-309-03340-3, \$10.50; SOCIAL & BEHAVIORAL SCIENCES, ISBN 0-309-03342-X, \$10.50

SCIENCE AND MATHEMATICS IN THE SCHOOLS: Report of a Convocation

Focusing attention on the 20-year erosion of mathematics and science education, this concise report is recommended reading for teachers, school administrators, parents, and others concerned with finding solutions to this critical problem. It outlines the scope of the problem and suggests some alternatives for action on the part of governments, business and industry, educators, and the scientific community. ISBN 0-309-03330-6; 32 pages, paperbound, \$3.50. Quantity discounts are available; please inquire.

HEALTH AND BEHAVIOR: Frontiers for Research in the Biobehavioral Sciences

This landmark volume examines health-behavior links such as stress, coping, and health; alcoholism and health; cardiovascular diseases and behavior; diabetes and behavior; and major mental disorders and behavior. It also probes the relationship between work, aging, and social disad-

vantage and health as well as the effects on health of changing human society, families, and social support networks. ISBN 0-309-03279-7; 384 pages, paperbound, \$15.50

DIET, NUTRITION, AND CANCER

Based on a thorough review of the scientific evidence, this study provides the most authoritative assessment yet of the relationship between dietary and nutritional factors and the incidence of cancer. According to the authors, "... what we eat during our lifetime strongly influences the probability of developing certain kinds of cancer. ..." The report includes dietary guidelines that are designed to ensure good nutrition and are likely to reduce the risk of cancer. ISBN 0-309-03280-6; 496 pages, paperbound, \$14.95

MARIJUANA AND HEALTH

The most widely used illicit drug in the United States, marijuana continues to be the focus of scientific controversy and public confusion. This study assesses the extent and limits of current knowledge about the drug's short- and long-term health effects, particularly those occurring in young people. ISBN 0-309-03236-9; 208 pages, paperbound, \$13.50

National Academy Press

The National Academy Press was created by the National Academy of Sciences to publish the reports issued by the Academy and by the National Academy of Engineering, the Institute of Medicine, and the National Research Council, all operating under the charter granted to the National Academy of Sciences by the Congress of the United States.

Reprint file entropy?

...try Sci-Mate!

With Sci-Mate™ data management software and your microcomputer, you can enhance your reprint file—by turning it into an easily accessible, personal data base.

Sci-Mate works because *it's the first data management system designed especially for reprints*. Each citation you enter can be any length and can include any descriptive notes you want to add. And *you communicate with Sci-Mate in plain English!*

When you need to locate an article, you're not limited by "keywords"—you can search by any characters, word, name, or phrase that might be anywhere in any entry. *Your searches are fast* because Sci-Mate's random access storage provides rapid retrieval.

If you need a bibliography on a specialized subject, you can print it out in minutes with Sci-Mate, or you can integrate it into your existing word processing system. Sci-Mate even *generates reports to your specifications*.

These are only a few of the features that make Sci-Mate invaluable. And it costs just \$540.

There's also additional software that takes you through searches on DIALOG, MEDLINE, ISI, and BRS even if you don't know the languages of those systems. With the Sci-Mate universal online searcher, you can immediately incorporate the results of your online searches into your Sci-Mate data management system. Sci-Mate's universal online searcher costs \$440.

Purchase both at one time and pay \$880—a \$100 savings.

Find out how Sci-Mate can help reduce entropy in *your* reprint file—call 800-523-4092, or mail the coupon below.

Sci-Mate is just what I've been looking for! Please send me more information.
