

# A BERLITZ® LANGUAGE COURSE in a handsome briefcase for only \$125 if you pay for it BUT

*...wouldn't your company be interested  
in having you speak a second language?*

There's a premium being paid for language-knowledge in America today—and it's not only in the export trade. In multi-national companies, in major cities, even on the factory floor, a second language marks you as the potential spokesperson, the well-educated leader, the man or the woman to ask about foreign ways.

And travel is so much more fun when you can meet people and talk their language. Now you can. Easily. Painlessly. All thanks to this 50-lesson do-it-yourself Berlitz® language course. Available in French, German, Italian or Spanish—it's yours for only \$125.00.

Packaged solidly in a business-like briefcase, the Berlitz Comprehensive Cassette Course contains:

1. Ten introductory lessons in a 90-minute long first cassette to familiarize you with the spoken language.
2. Forty additional lessons on five convenient 60-minute cassettes, making a total of 6½ hours of recorded instruction in all.
3. Six illustrated workbooks to use with the tapes, each containing 50 pages of easy-to-understand, concise information to help you speak with the least difficulty. 300 pages, in all, to get you on the way to fluency in a second language.
4. A specially prepared, easy-to-use Rotary Verb Finder will help you with irregular verb forms—once you're ready for grammar.

This course avoids the dry and the dull—mixes voices, sound effects and useful text in the delightful manner only Berlitz, the world's best known language instructor, can offer.

Prepare yourself for a rewarding future. At the same time, enjoy the social advantages only a second language can bring. For \$125.00, choose the course you need to start talking like a native. Use the coupon and order today.

\*A consulting engineer orders a computer search of recent articles on bridge construction, then stores the data on disc for future use;

\*An executive on a business trip checks weather conditions at her destination and last night's sports scores, makes reservations for her return flight, and obtains up-to-the-minute quotes on her stock portfolio;

\*A pilot whose hobby is avionics checks his "electronic mailbox" for correspondence from other avionics buffs around the country, then reads the latest contributions to an ongoing colloquium on proposed FAA regulations.
