**Turbulence
and War**

The price of looking it up just went way down!

While most unabridged dictionaries sell for unabridged prices—\$50, \$60, \$70—this 2,300-page Webster's costs only \$19.95. Through a special arrangement with the publisher, we are now able to offer this \$69.95 value at a 70%—or \$50—markdown from the original price! Now, you can bring this widely respected reference into your home, office, or classroom. And just look at what the Webster's contains:

- Over 320,000 Words
- More than 3,000 Illustrations
- 19 Encyclopedic Supplements
- A Thumb-Indexed Format

This Standard Reference Has Over 320,000 Words

For more than 40 years, the Webster's comprehensiveness has made it *the* standard reference. With over 320,000 words and phrases, the *Webster's New Universal Unabridged Dictionary* continues that great tradition. The Webster's defines common and obscure words, words used in other centuries and words newly created in the sciences and the humanities.

More Than 3,000 Illustrations

GIANT PANDA (6 ft. long)

The Webster's is strong on visuals, too. Finely detailed pen drawings appear throughout the text, and there's a full section of color-plate illustrations of plants, animals, airplanes, ships, and more. These illustrations help make the Webster's a fun, visually exciting learning experience, especially for children.

19 Encyclopedic Supplements

Other dictionaries may contain a few supplements, but the Webster's has over 150 pages of specialized information for every interest. Here are just *some* of the categories and features included.

- 9 Large, Full-Color Maps
- Dictionaries of Place Names and Geographical Features

- A Dictionary of Biography
- Dictionaries of Names from the Bible, Myths, and Fiction
- A Dictionary of Commonly Used Abbreviations
- Forms of Addresses
- The Basics of Practical Math
- Commonly Used Financial and Commercial Terms
- A Dictionary of Foreign Words and Phrases

A Tradition of Quality

Concise, correct, complete definitions have been the hallmark of the Webster's since the distinguished philologist Noah Webster published the first edition in 1806. The Webster tradition of quality also extends to its format and organization. The pages

are thumb-indexed for handy reference. While other large dictionaries use eye-straining type, the Webster's features good-sized print, with defined words standing out clearly in boldface. To make reading easier still, each definition is listed on a separate line or set of lines.

We Repeat: \$19.95 Is An Unbeatable Value

An *unabridged* dictionary that sells for \$19.95 is a rare find, especially when the dictionary bears a famous name like Webster's. And, as with anything you buy by mail from us, our **30-day money-back guarantee** means that if you decide to return this dictionary within 30 days, we will refund your money *in full*.
