GET THE KNOW-HOW TO REPAIR EVERY COMPUTER ON THIS PAGE. AND MORE.

Learn the Basics the NRI Way—and Earn Good Money Troubleshooting Any Brand of Computer

The biggest growth in jobs between now and 1995, according to Department of Labor estimates, will occur in the computer service and repair business, where demand for trained technicians will actually *double*.

You can cash in on this opportunity, once you've learned all the basics of computers the NRI way. NRI's practical combination of "reason-why" theory and "hands-on" building skills starts you with the fundamentals of electronics, then guides you through advanced electronic circuitry and on into computer electronics.

You Build—and Keep—a 16-bit Sanyo personal computer

The vital core of your training is the step-by-step building of the 16-bit Sanyo MBC-550 series computer. Once you've mastered the details of this IBM-PC compatible machine, you'll be qualified to service and repair virtually every major brand of computer, plus many popular peripheral and accessory devices.

With NRI training, you learn at your own convenience, in your own home. You set the pace—without classroom pressures, rigid night-school schedules, or wasted time. You build the Sanyo IBM compatible computer from the keyboard up, with your own personal NRI instructor and the complete NRI

technical staff ready to answer your questions or give you guidance and special help whenever you need it.

Your NRI course includes installation and troubleshooting of the "intelligent" keyboard, power supply, and disk drive, plus you'll check out the 8088 microprocessor functions, using machine language. You'll also prepare the interfaces for future peripherals such as printers and joysticks.

100-Page Free Catalog Tells More

Send the coupon today for NRI's big 100-page color catalog on electronics training, which gives you all the facts about NRI courses in Microcomputers and other growing high-tech career fields. If the coupon is missing, write to NRI Schools, 3939 Wisconsin Ave., NW, Washington, D.C. 20016.

Your NRI course includes the Sanyo 16-bit IBM compatible computer with 128K RAM, monitor, double density double sided disk drive, and "intelligent" keyboard; the NRI Discovery Lab[®], teaching circuit design and operations; a Digital Multimeter; Bundled Spread Sheet and Word Processing Software worth over \$1000 at retail—and more.

For Christmas, give your friends an overview of science – give them *Science News*

This Christmas share **SCIENCE NEWS** with your friends. They will appreciate the opportunity to learn about new scientific developments and discoveries that can affect their lives, their jobs, their future. And in this day of changing social directions, they will especially appreciate the perspective **SCIENCE NEWS** gives to the issues involving science and society.

SCIENCE NEWS is the ideal gift for busy executives, professional people, scientists in search of an overview of all major fields of science, science teachers and students.

Why? Because it is planned for people on the go. It reports key developments clearly, accurately, concisely – in about an hour's reading time a week. For someone with no more than an hour to spare, **SCIENCE NEWS** is a reliable summary of important news. For the reader with more leisure, it is a guide to subjects worth pursuing in more detail in other scientific journals.

SPECIAL CHRISTMAS SAVINGS!

Your first gift subscription to **SCIENCE NEWS** is \$29.50. Each additional one-year subscription is only \$25.00 – and you may include your own renewal or new subscription at this money-saving rate.

SEND YOUR GIFT ORDERS NOW!

Use the convenient postage-paid reply card opposite this message. Or, if someone else has already used it, fill in the order form at the right and mail it today.
