There are whole eras and countries we know nothing about; even in familiar subjects, we're sometimes a bit hazy on the sequence of events. A book of world history, particularly an excellent one like the *Columbia*, can fill the gaps in our learning and give us a solid chronological framework. Nearly 100 distinctively drawn and rigorously researched maps visually document the world as it evolved from the ancient past to the brooding present. 1,237pp.

Each scholar contributed sections on his subject or period of expertise. Editors Peter Gay and John A. Garraty, both eminent historians and writers, interwove the material into a cogent narrative of the world's history.
