Mapping Cells That Remember Smells

The price of looking it up just went way down!

While most unabridged dictionaries sell for as much as \$70, this 2,300-page Webster's costs only \$19.95. Through a special arrangement with the publisher, we are now able to offer this \$79.95 value at a 75% markdown. That's \$60 off the original price! Now, you can bring this widely respected reference into your home, office, or classroom. And just look at what the Webster's contains:

- Over 320,000 Words
- More than 3,000 Illustrations
- 19 Encyclopedic Supplements
- A Thumb-Indexed Format

This Standard Reference Has Over 320,000 Words

For more than 40 years, the Webster's comprehensiveness has made it the standard reference. With over 320,000 words and phrases, the *Webster's New Universal Unabridged Dictionary* continues that great tradition. The Webster's defines common and obscure words, words used in other centuries and words newly created in the sciences and the humanities.

The Webster's is strong on visuals, too. Finely detailed pen drawings appear throughout the text. These illustrations help make the Webster's a fun, visually exciting learning experience, especially for children.

More Than 3,000 Illustrations

SAVE \$60

19 Encyclopedic Supplements

Other dictionaries may contain a few supplements, but the Webster's has over 150 pages of specialized information for every interest. Here are just some of the categories and features included:

- 9 Large, Full-Color Maps
- Dictionaries of Place Names and Geographical Features
- A Dictionary of Biography
- Dictionaries of Names from the Bible, Myths, and Fiction
- A Dictionary of Commonly Used Abbreviations
- Forms of Addresses
- The Basics of Practical Math
- Commonly Used Financial and Commercial Terms
- A Dictionary of Foreign Words and Phrases

A Tradition of Quality

Concise, correct, complete definitions have been the hallmark of the Webster's since the distinguished philologist Noah Webster published the first edition in 1806. The Webster tradition of quality also extends to its format and organization. The pages are thumb-indexed for handy reference. While other large dictionaries use eye-straining type, the Webster's features good-sized print, with defined words standing out clearly in boldface. To make reading easier still, each definition is listed on a separate line or set of lines.

\$19.95 Is An Unbeatable Value!

An unabridged dictionary that boasts over 2000 pages and sells for only \$19.95 is a rare find, especially when the dictionary bears a famous name like Webster's. It's all part of Barnes & Noble's bend-over-backwards policy of bringing you the best books available at unbeatable prices. And with an unconditional return policy, a Webster's Dictionary at only \$19.95 is an irresistible offer.

Living Maya

The Art of Ancient Dreams

By Walter F. Morris, Jr.

*Photographs by
Jeffrey Jay Foxx*

“This rich tapestry of history, myths, pen-and-ink drawings and striking color pictures evokes multifarious landscapes, textiles, people and ritual. The detailed description of the ancient technique of weaving will interest students of art, anthropology and religion alike.”

— *Publishers Weekly*

*Abrams, 1987, 224 pages, 9" x 11",
hardcover, \$40.00 ISBN 0-8109-1298-8*

Centuries ago, in what is now known as the Classic period, the Maya people created a unique and magnificent culture. Pyramid temples and palace complexes soared above densely populated cities, and their brilliant art forms, sophisticated knowledge of astronomy and intricate writing system were the most highly developed in the New World. Then, suddenly and mysteriously, Classic civilization collapsed.

Concentrating on the areas of Chiapas, Mexico, where the Maya, relatively isolated from the upheavals of the Spanish Conquest, are most closely tied to the traditions of their ancestors, the book captures the essence of the Maya today. Their simple homes, surrounded by cornfields; the daily rituals and structure of their society; the folk art and religious ceremonies of the various communities — all presented here in 125 vibrant, full-color photographs — afford important insights into the glorious Maya culture as preserved since ancient times.
