## The Care & Feeding of Ideas

### A Guide to Encouraging Creativity

James L. Adams

Adams leads a tour through the unconscious mind, the brain and nervous system, and the storehouse of memory, and points out how they work (and conspire against us) when we tackle problems. He shows that bad problem-solving habits can be broken, that money and time are your muse's best friends, that creativity involves risk but the risk is worth it and that the stereo you bought with your last bonus was not a luxury but a necessary reward. He illustrates his arguments with ingenious games and exercises that will surprise you with what they reveal about your patterns of thought. Whether you're a midnight novelist or management consultant, a Sunday painter or city planner, this book can forever change the way you approach creative challenges.

# The quick and easy way to learn a foreign language!

Based on the U.S. Military "Speed-up" Method of Language Learning

Programmed for Rapid Learning!

It's been scientifically proven that we remember words we *hear* better than words we see. That's why you'll find the two audiocassettes in each Language / 30 package more useful than all the language books money can buy. Just start listening to the tapes, repeat the foreign phrases a few times and, believe it or not, you'll begin speaking like a native. It's that simple!

Remember, Language / 30 is a learning tool that works. It incorporates the "speed-up" method of language learning—the same method used to train U.S. government personnel who work overseas.

With Language/30, you can practice your target language anytime, anywhere. You won't have to set aside hours just for language study. You can listen to Language / 30 while you're getting dressed, eating, driving to work, or even jogging. Whether you're studying French, Russian, Swahili, or any of the other 27 languages listed below, you'll improve your speaking fluency and listening comprehension *each time* you play the Language/30 tapes.

## Speak with the Ease of a Native

Each Language/30 program features native voices speaking the most important and commonly used conversational phrases. You'll learn all the words you need to know for greetings, introductions, requests, and general conversations in hotels, restaurants, stores, theaters, and other places. And world-renowned linguist Charles Berlitz, explains the social customs and etiquette of the country.

So, whether you're going abroad for a short trip or an extended stay, you'll find that the fluency you've gained from Language/30 will make your visit easier, more pleasant, and more enriching. Instead of being a "stranger in a strange land," you'll be able to converse freely with the natives in their own language.

Each program comes with two 45-minute cassettes, convenient phrase dictionary in a compact, 6" x 7" water-proof vinyl case.

Which of these 30 languages would you like to speak?
