New from the Far Side . . .

The Far Side Gallery 3 By Gary Larson

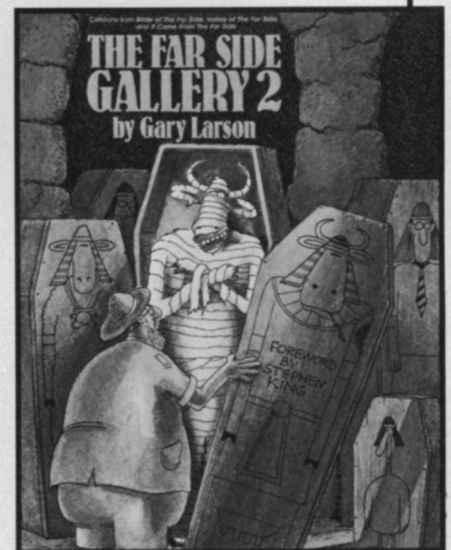

Coffee tables all over America will soon be adorned with this elegant edition of **The Far Side Gallery 3**. Albeit lavish and sleek, the Moo-na Lisa on the cover says all—The Far Side is crazier than ever. Featuring all the cartoons from **Hounds of The Far Side**, **The Far Side Observer**, and **Night of the Crash-Test Dummies**, **The Far Side Gallery 3** is guaranteed to be another Far Side classic.

Also available: **The Far Side Gallery**, Larson's first compendium volume with over 600 comic panels plus 8 full-color mini-posters from Larson's **The Far Side**, **Beyond The Far Side** and **In Search of The Far Side**.

More than 600 oversized comic panels from Larson's **Bride of the Far Side**, **Valley of the Far Side**, and **It Came from the Far Side** come together in one omnibus collection in **The Far Side Gallery 2**.

"It's not so much that the cartoons are about science, as that they're conceived with the attitude of an insider, with an ear and an eye for the peculiar jargon and skewed perspective of the scientific club."
